HAMBURG, IOWA

This Spring 1949 Catalog from

America's Largest Direct-To-You Nurseries
Will Help Make Your Home More Beautiful, More Fruitful

C31 Forty-Niner (Plant Patent No. 792)—This 1949 All America Rose Award winner is probably the brightest colored rose ever introduced. The inside petals are brilliant red and the outside is chrome-yellow. Long pointed buds open into unusually well-shaped flowers, pleasingly fragrant, that last a long time. Very few thorns. Vigorous grower. Postpaid.

Each \$2.50; 3 for \$6.25

9C84 **FORTY-NINER SPECIAL**
 2 Forty-Niner {
 2 Tallyho } For \$8.35 Postpaid
These 2 roses are the All America Rose Award winners for 1949.

C76 Tallyho (Plant Patent Applied For)—This 1949 All America Rose Award winner is a very robust, healthy grower and prolific bloomer. The roses are large, fully double, an unusual color of very rich, deep pink tinged salmon and the outside of the petals is an even deeper tone. Delightfully fragrant. Come singly on long strong stems, fine for cutting, long lasting. Postpaid.

Each \$2.50; 3 for \$6.25

Golden Giant Apricot

(PLANT PATENT APPLIED FOR)

Fruit is pictured actual size

F25 Golden Giant originated in the orchard of Dave Moore, Grand Junction, the famous fruit section of

western Colorado. Several years ago Dave planted some of our Sungold peaches. Five years ago he wrote us that we had the best peach in America but he had the best apricot. We immediately went out there and every year since we have visited with Dave and his fine family.

The true story of Golden Giant, its tremendous annual crops, its huge size, its marvelous flavor and sweetness, its rich color, its shipping quality, its hardiness and vigor, calls for a Shakespeare. We can simply tell you that the size is immense, 2 inches across and more than 2 inches long. The color is a golden orange with light blush. It is the finest apricot we ever ate, the sweetest, most delicious flavor. Moreover even if picked fairly green it develops this fine flavor where other apricots taste insipid when picked green. It makes the finest sauce and preserves you ever tasted and is extra fine for

F26 Superb—This fine variety originated in Kansas and has been largely planted in the middle west. Hardy, productive. Fruit is medium large, orange-yellow, flesh firm, high quality. Fine for eating, sauce, preserves and pies.

F23 Perfection—The fruit is large, beautiful and delicious. It ripens evenly and is a good keeper. Flesh is firm so that even if picked nearly ripe, it can be shipped. Hardy, vigorous grower, heavy bearer.

freezing. If you selected the largest fruits, you could hardly get 6 in a quart jar. The flesh is a rich golden color, so tender and sweet and absolutely stringless. Free-stone, of course, but we think the flavor is even richer if canned with the pits in.

Golden Giant is a heavy, annual bearer, never missing a crop at Grand Junction except one year when it froze while the fruit was marble size. Dave says that it is more frost resistant because it has borne when other varieties failed (and Dave has many kinds in his orchard).

Golden Giant is sold ONLY BY THE INTER-STATE NURSERIES. Introduced by us last spring, we are selling it at a price so that thousands, all over America, can find out how fine it is. The tree itself is attractive enough to plant in your yard. It is shapely with reddish-brown bark, large rich green leaves, lovely flowers and then the delicious fruit. You who have eaten shipped-in apricots picked when green, cannot imagine how truly delightful is Golden Giant. Order today to make sure that you get yours this spring.

How to Order

In the comfort and privacy of your own home, you can look through this catalog and select Inter-State's Guaranteed Nursery Stock and Seeds. *Many prices are lower.*

- 1. Write your order for Nursery Stock and Bulbs on the order blank on the back of this page.**
- 2. Write your order for Seeds on the order blank at the back of the catalog between pages 82 and 83.**

If you run out of our order blanks you can use any sheet of paper, but be sure to put your orders for Seeds and orders for Nursery Stock on separate sheets of paper. You can mail both orders in the same envelope. This will help us both since our Seeds are handled in a separate department and are shipped at once while Nursery Stock is shipped at the proper planting time *in your locality.*

3. Print or Write name, and address on all orders.

In making out your orders please write or print very plainly, giving your full name and complete address, street or rural route. Also list your nearest express office if it is different from your post office as we sometimes ship by *prepaid express* instead of parcel post unless you object.

4. Order all items by catalog number.

This helps us give you better service and helps avoid mistakes. List quantity, variety and size of items wanted.

5. You can send us postal note, money order, draft or check.

If you send currency or cash, wrap it carefully and register your letter. A money order is a better way to send payment. Please do not ask us to ship C. O. D. It costs you extra as the Post Office and Express Company make an extra charge on C. O. D. shipment.

Sales Tax

Customers living in Iowa will add 2% to the amount of their order, which the Iowa Law requires us to collect.

Mail Your Order Early

On page 3 is a list of premiums you get for ordering early. Be sure to list the premiums you wish on your order so all can be sent in one shipment.

When you are through with your Spring Catalog, perhaps your neighbor would like to see it. Thank you.

PLEASE HELP US CORRECT OUR MAILING LIST

If your name or address as shown on the catalog envelope is wrong, please write below BOTH the right and the wrong.

WRONG:

Name _____

Address _____

City, Zone and State _____

If you have moved, write down BOTH your old and new address. Thank you.

Old Address _____

City, Zone and State _____

Send Living Gifts

That Will Be Cherished for Many Years

*For Christmas, Birthdays, Mother's Day,
Easter, Anniversaries, For Any Occasion*

Each year more and more people wish to send their friends and loved ones Living Gifts. It is very easy to do. We have two plans. We guarantee satisfaction to you and to those receiving the gifts.

No. 1

You select from our catalog whatever you wish us to send. Give us the name and complete address to whom you want it shipped. We will send this party a suitable Gift Certificate giving your name as donor and listing the stock (without prices) that will be shipped at the proper planting time.

No. 2

If you prefer to have them make their own selections, then you simply send us the name and complete address and enclose check or money order for the amount you wish to give. We will send this party a suitable Gift Certificate good for this amount, giving your name as donor. We will also send our catalog stating that they are to select from it whatever they wish for the amount of the Gift Certificate. This stock will be shipped at the proper planting time.

Year after year, these Gifts will be a reminder of your thoughtfulness.

INTER-STATE NURSERIES, Hamburg, Iowa

INCORPORATED

Date _____

1949

Please print or write your name, full address and order very carefully and plainly. All members of the same family living at the same address please order under one name.

Express Office (If different from Post Office.) _____

Do not write in above space

Sometimes we ship by PREPAID EXPRESS instead of Parcel Post. If you object, write "No" here.

If you want this order shipped to another person or to an address different from that above, give directions here.

Payment in full should accompany all orders. The best way is by Money Order, Check or Bank Draft. Avoid sending silver or stamps unless absolutely necessary. If you send silver, wrap it in heavy paper and REGISTER YOUR LETTER.

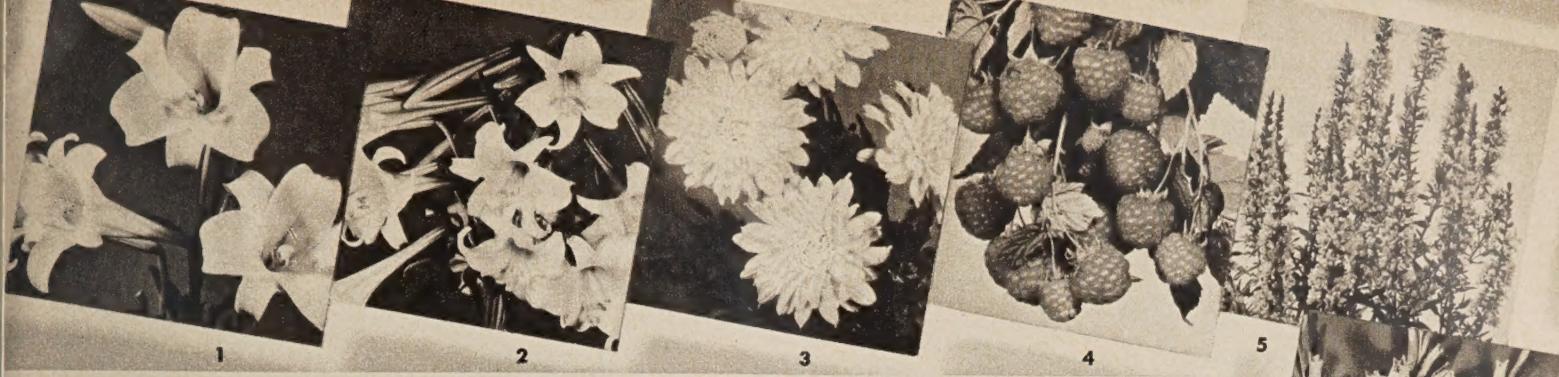

USE THIS ORDER BLANK FOR NURSERY STOCK AND BULBS ONLY

For Seeds, use order blank opposite page 83.

Seeds will be shipped separately from nursery stock.

FREE!

Be sure to put on your order the Premiums you select for sending in your order EARLY. See page 3.

THESE VALUABLE GIFTS FOR ORDERING EARLY

If you send us your order for Nursery Stock EARLY (seeds are not included), you may select Free Premiums as follows:

On Nursery orders of \$5.00 select one of these seven Premiums.

On Nursery orders of \$10.00 select TWO premiums, alike or different.

On Nursery orders of \$15.00 select THREE premiums, alike or different.

With each additional \$5.00 select one more premium.

The Premiums you select MUST BE WRITTEN ON THE ORDER, or none will be sent, even if you notify us later. However, if you send us another order, then you can include Premiums you overlooked on a previous order of the same season.

IMPORTANT—If we run short on some items, we reserve the privilege of changing premiums, sending you stock of equal or greater value.

No. 1—3 Estate Lilies, worth \$1.35.

No. 2—2 Philippine Lilies, worth \$1.00.

No. 3—2 New Mums, our choice, worth \$1.00 or more.

No. 4—4 Indian Summer Red Raspberries, worth \$1.00.

No. 5—2 Lythrum, worth \$1.00.

No. 6—12 Glad bulbs, our choice, worth \$1.00 or more.

No. 7—1 Everblooming Rose, worth \$1.00.

Inter-States Guarantee

1. We guarantee our stock to be true to name. If it proves otherwise, we will replace free or refund the amount you paid us for it.
2. We guarantee our stock to be first quality and to reach you in good, live, growing condition. Examine it carefully upon arrival, and, if you are not entirely satisfied, return it at once and we will replace it free or refund your money.

3. Our stock is carefully handled, and under ordinary conditions should grow for you. But if it does not, owing to the weather and other conditions over which we have no control, we will replace at half price the following season, you to notify us not later than October 1st, 1949, accompanying your report with remittance of one-half original purchase price.

We want you to be satisfied. If anything is wrong, we want you to write to us.

AND THE MEN BEHIND IT

CARL O. (Billy) SJULIN

L. R. (Les) SJULIN

D. L. O. (Dave) SJULIN

The Inter-State Nurseries are owned and operated by three brothers, Carl O., Leslie R., and David L. O. Sjulin (this is a Swedish name and is pronounced "Shoe-lin") Practically born and raised in the nursery business, we have grown to be the Largest Direct-to-You Nurseries in America, with hundreds of thousands of customers. We have 1600 acres of the finest soil in the world, ideal for growing nursery stock.

HELPFUL PLANTING GUIDE

Free!

With every nursery stock order, we send Free a 24-Page Planting Guide. It tells in a clear, simple way how to plant so that even if you have never done any planting, you can have success. It tells, also, how to prune, water, care for plants over winter, how far apart to plant, etc.

WE PAY POSTAGE

Please note that most items in this catalog are DELIVERED TO YOU, POSTPAID. Some Fruit and Shade Trees are too large to go by parcel post. They are shipped by express, you pay the express charges.

In some orders, there are trees which must go by express and also some stock which would go parcel post. In order to avoid making two separate shipments, we send the entire order by express. For this privilege, we include extra stock which has a greater value than the additional express charges amount to.

AMERICA'S LARGEST DIRECT-TO-YOU NURSERIES

Because we grow and sell direct-to-you more nursery stock than any other nursery, we can sell first quality stock at reasonable prices. Our soil is rated the finest in all America for growing nursery stock. It produces wonderful roots and fine tops. If you have never planted any of our seeds, order some this year. They are guaranteed to grow.

CENTRALLY LOCATED. We are located near the geographical center of the United States, with railroad facilities that enable us to ship promptly in all directions, North, South, East and West.

SALES TAX. The Iowa law requires us to collect a sales tax of 2% on all orders sent to us BY PEOPLE LIVING IN IOWA. Iowa customers will please add this amount to their orders. BUT PEOPLE NOT LIVING IN IOWA DO NOT SEND ANY SALES TAX.

IMPORTANT NOTICE

When ordering, please write down the Catalog Number shown by each variety and collection. If you order both Seeds and Nursery Stock, please be sure to PUT YOUR SEED ORDER ON A SEPARATE SHEET OF PAPER. Write your full name and address on both Seed and Nursery orders.

NURSERY STOCK IS SHIPPED AT PROPER PLANTING TIME

Nursery Stock and Seeds are not shipped together. Seeds are shipped at once. Nursery Stock is shipped at proper planting time. We are equipped so that we can start shipping to southern states early in the year. As the season advances, we keep shipping farther north until in May we are shipping to the most northern states.

Black Walnut

BEST FLAVORED OF ALL NUT TREES
AT NEW LOWER PRICES

The Thomas Black Walnut, Actual Size

THOMAS BLACK WALNUT

N1 When the long cold evenings of winter come, what a pleasure it is to crack some Black Walnuts to eat or for fudge, or for mother. She can use them in so many different ways and what a delicious flavor they add. Everybody likes Black Walnuts, but the common Black Walnut is small and it is hard to get out the meats.

Now you can have an improved grafted Black Walnut, which is giant size with kernels much larger, better flavor and much easier to get out. Thomas is fast growing and produces very large nuts. It is the greatest nut tree of the country. You should plant it because—

1. It bears very young, often second year after planting. A mature tree will produce 15 to 40 bushels of giant size nuts which sell for \$4.00 or more per bushel.

2. The nuts are immense size as pictured above. They crack easily so the meats come out in halves and quarters. A bushel of nuts cracks out 10 to 12 pounds of meats.

3. The nuts are delicious flavor and because they are so large and plump and come out in halves and quarters they sell for 75c or more a pound.

4. It will grow in almost every state in America. It is not particular as to soil but of course will do best in rich soil with plenty of moisture.

5. Plant a tree or two for your own use. If you have room, plant more for profit. You can easily sell the big nuts at high prices. Plant 50 feet apart and 2 or 3 inches deeper than they stood in the nursery.

6. In time the tree will grow large and walnut logs are becoming scarce. If you wished you could sell the trees for lumber at a good price. We doubt, though, if you would do this because the nut crop is so valuable. These are grafted trees and grow rapidly.

18 to 24 inches, Postpaid.....	2.40	4.50	12.00	21.00	

MYERS BLACK WALNUT

N2 This new variety is very highly recommended. Mr. Hirschi who is a practical, experienced horticulturist and one of the best qualified nut experts in America, considers it the best he has ever fruited. It bears young. The nuts are not as large as Thomas but the shell is thinner so that a bushel of Myers cracks out as much and perhaps a little more than the Thomas. The quality is especially rich.

While Thomas is now the most widely planted variety we believe that as Myers becomes better known that it will equal or surpass Thomas. It is making a remarkable record. Especially on thinner ground, Myers is better. These are grafted trees and start bearing young.

N5 Mintle—This new variety originated in Iowa. It is about the same size as Myers. It also is thin-shelled, easily cracked, the meats coming out in quarters. Very high quality light colored meats. Should do extra well especially on good ground. These grafted trees bear young.

9N3 WALNUT SPECIAL

2 Thomas	{	All 4 for \$11.50
1 Mintle		
1 Myers		

4 to 5 Feet, Not Postpaid

Thomas, Mintle and Myers are all self-fertile but we believe that planting several varieties so they can cross-pollinate will increase the yield.

THOMAS WALNUT SEEDLINGS

N4 These are young trees grown from the nuts of the Thomas Black Walnut. They are far better than trees grown from the ordinary black walnut. Half or more of these trees will produce nuts almost as large as the Thomas. If you have room, plant a grove of these. You will get excellent nuts which sell at good prices and the trees will grow into a valuable grove. Every farm has room somewhere for some of these. They will soon grow into money.

GROW YOUR OWN

Asparagus

Delicious, Tender Fresh From Your Own Garden

For home use plant Asparagus 18 to 24 inches apart each way, 3 to 4 inches deep, spreading the roots out flat. Lasts a lifetime. Our Jumbo plants are the finest we have ever seen and save a year's time. It is mighty nice in the spring to be able to go out in your garden and cut fresh asparagus for 6 to 8 weeks. They taste better and save you money.

Number 500

A33 A new asparagus developed by the University of California. Extensive tests there show it to be much superior. Larger spears, more productive, much more closed heads and does not flower out as soon.

Postpaid	Per 6	Per 12	Per 25	Per 100

3 Canada Red Rhubarb
9A22 All 28 for \$3.25 Postpaid

Rhubarb

FRESH FROM YOUR OWN GARDEN !

It is the earliest spring vegetable. Plant 3 to 4 feet apart, covering the crown with 2 inches of soil. Postpaid.

A24 **Chipman's Canada Red**—This new variety has large stalks that are red from top to bottom, even the flesh is red. It does not lose this rich color in cooking. Juicy and sweetest of all, takes less sugar. Seedless. Skin is so tender you need not peel it. Very productive, you can pull the stalks all spring and summer.

6 for \$4.25, 3 for \$2.35, Each 85c

A16 **Red MacDonald**—A tremendous producer of giant size stalks from early spring till late summer. Stalks are 18 to 24 inches tall, many half as thick as your wrist. Seedless. It is 2 to 3 times larger than common rhubarb, far more tender, delicious and sweeter. Its bright red skin and tender white flesh makes very attractive and fine tasting sauce and pies.

6 for \$3.25, 3 for \$1.85, Each 70c

A17 **Ruby**—Stalks are smaller than Canada Red or MacDonald but there are more of them. Skin is red and flesh is red. Very fine flavor, very tender and one of the sweetest of all rhubarb. Very prolific yielder. Some prefer these smaller stalks. They can be used early spring to late summer. The more you use, the more it produces. Seedless.

6 for \$3.25, 3 for \$1.85, Each 70c

A19 **Victoria**—This is the old fashioned common rhubarb.

Strawberries

FRESH FROM YOUR
OWN GARDEN

AMBROSIA

100 for \$3.00

50 for \$1.65

25 for \$1.00

200 for \$5.50

A1 **AMBROSIA** is one of the finest Strawberries we have ever tasted. It has that delicious, sweet, real strawberry flavor. The sparkling bright red berries are very large and firm, fine for canning, preserves and freezing because they hold their shape. The fruit is easy to pick and clean because it comes on tall stems, strong enough to hold the fruit up off the ground. Very productive, ripens right after Dunlap. Self-pollinating. POSTPAID.

BLAKEMORE

25 for 75c

50 for \$1.25

100 for \$2.35

200 for \$3.75

500 for 7.50

1000 for \$12.50

A4 For preserving, canning and freezing, Blakemore is especially fine because it holds its red color and shape so well. For "company," you put Blakemore on the table. It ripens a few days before Senator Dunlap and is very dependable, producing large crops every year. It stands up well during drought. The berries are large, firm, an attractive red and good quality. It is one of the most widely planted varieties in America. Self-pollinating. POSTPAID.

DUNLAP

25 for 75c

50 for \$1.25

100 for \$2.35

200 for \$3.75

500 for 7.50

1000 for \$13.50

A3 We have sold countless millions of this grand strawberry, SENATOR DUNLAP. It is the most widely planted kind in the middle west. Hundreds of thousands of families, every summer, enjoy the fruit. It ripens in midseason and is simply delicious to eat, can, preserve and freeze. It is so dependable, seems like it never fails to produce a good crop. Self-pollinating. POSTPAID.

1000 for 16.00

A11 **Robinson** is a new variety that you should try out by all means. The berries are very large, bright red and very delicious. Fine for eating, canning and freezing. A very heavy bearer. Ripens right after Dunlap. Especially fine for home use.

PREMIER

A5 This is by far the most popular extra early strawberry. It is our first variety to ripen and is so extremely productive that it continues producing berries for many days. The berries are very large, firm, good quality, rich red color. Because the blooms are very frost-resistant, it is a sure and heavy bearer. Plant some for the first ripe strawberries and for canning and preserves. Self-pollinating. POSTPAID.

Plant Everbearing strawberries this spring to eat fresh, can, preserve and for freezing

Do you know anything that tastes better than fresh, home-grown, sweet, luscious strawberries? Why pay such high prices for the fruit when it is so easy to grow them? In every garden there is room for at least a small patch. They bear quickly and produce

high yields for the small space they take. Plant plenty so you have enough to eat fresh, to can, preserve, and for freezing. For home use set plants 24 inches apart each way. For a larger bed, set 18 to 24 inches apart in the row and the rows 3½ feet apart.

INTER-STATE'S GENUINE **GIANT GEM** *Everbearing Strawberries will bear this Summer and Fall*

100 for \$4.50

25 for \$1.40 50 for \$2.50 200 for \$7.50 1000 for \$25.00

A2 Gem is a very popular everbearing variety because it does so well almost everywhere that strawberries are grown. It is extremely productive. The berries are large, firm, bright red and good quality. They will bear

THIS SUMMER, starting 60 to 90 days after planting and continue until freezing. Next year, you will have a big crop in the spring and fruit also in the summer and fall. Self-pollinating. POSTPAID.

Evermore EVERBEARING STRAWBERRY

100 for \$5.25

25 for \$1.50 50 for \$2.75

A6 This was originated by the Minnesota Fruit Breeding Farm. The berries are large and a red color so bright they glisten as though varnished. Many think they are the sweetest of all Everbearers. It will bear this Summer, starting 60 to 90 days after planting and continue until freezing. Next year it will produce a heavy Spring crop and then besides you will get fruit during the summer and fall. It is such a vigorous grower that in rich soils it makes a lot of new plants. You will get larger, better and actually more fruit if your bed is not too crowded. It is a good plan to pinch off the runners after 8 to 12 new plants have been made. Self-pollinating. POSTPAID.

WILL BEAR THIS
SUMMER AND FALL

LARGE SIZE
FINE RED COLOR
DELICIOUS FLAVOR
PRODUCTIVE

A7 Streamliner is the sensational new Everbearer which is sweeping the country. We are proud that it has been our privilege to help introduce this fine new strawberry to many, many thousands.

And this popularity is well deserved. The berries have a bright red color, are large, smooth, firm and shapely with a most delicious sweet flavor. It will start bearing this summer, 60 to 90 days after planting and produce right up to severe frosts. It is very productive, the large berries soon filling a bowl. It is self-pollinating so can be planted alone. When each plant has made 8 to 12 new plants then you should pinch off the new runners. When the plants are not too thick and close together, they actually produce better, with larger and finer berries. Remember that in 10 to 12 weeks after planting you will start picking the big red delicious berries. Postpaid.

SUPERFECTION

A26 Superfection—A new Everbearing Strawberry from Mr. Keplinger who originated the popular Giant Gem. With us it is a very heavy producer of large, handsome, bright red berries. Many think it is sweeter than Giant Gem. We consider it a mighty good variety and suggest you try some. Postpaid.

Morrison THE NEW GIANT BLACK RASPBERRY

5 for \$1.10 10 for \$1.95 25 for \$4.00
50 for \$7.50 100 for 14.00

A50 Morrison Black Raspberry is a new variety that has three very distinct points of superiority.

- 1—Berries are immense size (much larger than pictured).
- 2—Very fine flavor, almost seedless.
- 3—The plants are healthy, vigorous growers and produce tremendous crops.

It is also drought resistant. During a dry summer in several sections where Morrison was grown, it matured full crops of perfect berries when other varieties almost failed. It ripens a little later than Cumberland. The berries are immense size, glossy black, so attractive that they sell on sight. The fruit is almost seedless, is firm, very sweet, juicy and most delicious flavor. Extra fine for eating fresh and for sauce, jams and pies. Plant some Morrison this spring, for home or commercial use. When it starts fruiting, you will wish you had planted more. POSTPAID.

Indian Summer

THE NEW DOUBLE CROP RED RASPBERRY
THAT BEARS BOTH SPRING AND FALL

5 for \$1.15 10 for \$2.00 25 for \$4.50
50 for \$8.50 100 for 15.75 Postpaid

A44 Indian Summer is a wonderful new red Raspberry that bears two crops each season, a heavy crop on the old canes at the usual time in summer and another crop in the fall on the new canes. The berries are large (much larger than pictured), an attractive red color, fine quality.

Delicious eaten fresh. Good for sauce and makes the finest red raspberry jam and preserves you ever tasted. The plants are hardy and very productive. Red Raspberry fruit is expensive to buy. Ten plants will give you lots of berries and 25 will supply an average family for table use and canning. Plant 3 to 4 feet apart. We send you big, number one plants.

RED RASPBERRIES

There is a delightful flavor in Red Raspberries not found in any other fruit. If you have never grown them you have a treat coming. For pies, shortcakes, sauce, jam, freezing and fruit juice, they are delicious. You know how expensive and difficult it is to buy red raspberry fruit. Set out some plants this spring. Plant them 3 to 4 feet apart in the row and the rows 6 to 7 feet apart. They do well in any ordinary garden soil. Very hardy, they do best in the northern states. Generally not satisfactory in the south.

A45 Giant Latham—Very popular red raspberry. Fruit is large, bright red and delicious, eaten fresh, in sauce, jam, pies or shortcakes. Heavy bearer. We assure you that the 2-year bearing age plants are well worth their slight extra cost. Postpaid.

BLACK RASPBERRIES

Everybody likes home-grown Black Raspberries. They ripen between strawberries and blackberries, a little before red raspberries. Plant them 3 to 4 feet apart in the row; the rows 6 to 7 feet apart. We send you the best grade number one plants.

A53 Bristol—This new variety is rapidly gaining in popularity as the best mid-season blackcap, both for home and commercial planting. A vigorous grower that produces tremendous crops. The berries are large, jet black, firm, sweet, almost seedless and an unsurpassed flavor. A hardy, healthy grower, does well over a very wide territory, doing well even in sections of the south like Oklahoma.

Berries that should be in every garden use them for jellies, jams, sauces and pies

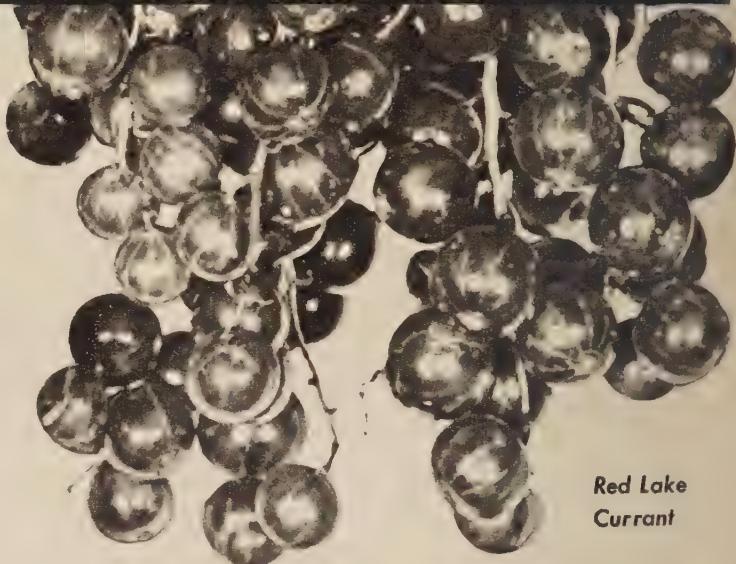

CURRANTS

A60 Red Lake—This new variety is rapidly replacing the older kinds. We think that it is the most productive, the best quality of all currants. The berries are very large, the clusters are long and filled out right to the end. The color is a bright glossy red and makes the most beautiful and finest flavored jelly. Even after fully ripe, they will hang to the bush and not drop off as others do. They grow in ordinary garden soil in all the northern states. Plant them 3 to 4 feet apart. Please read NOTICE BELOW. Heavy 2-Year No. 1 Plants. Postpaid.

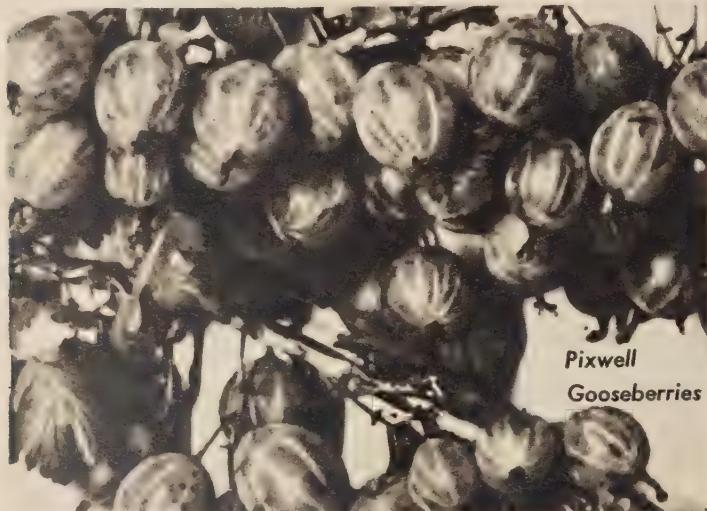

6 for \$2.40, 3 for \$1.50, Each 60c

IMPORTANT NOTICE

On account of federal regulations we ship Currants and Gooseberries only to the following states—**Arkansas, Illinois, Indiana, Iowa, Kansas, Kentucky, Missouri, Nebraska, North Dakota, Oklahoma and South Dakota**. If you do not live in these states, please do not order Currants or Gooseberries.

Red Lake
Currant

Pixwell
Gooseberries

GOOSEBERRIES

A100 Pixwell—This new variety is by far the best we have ever grown. It is a tremendous bearer of large, fine quality berries. Moreover they hang down on the underside of the branches so they are very easy to pick. The plant also is not nearly as thorny as other kinds. It bears very young, the next year after planting. The berries are much larger than pictured, averaging better than $\frac{1}{2}$ inch. Color is light green, turning pink when fully ripe. After growing Pixwell, you will not want the other kinds. Thrives in all northern states. Plant 3 to 4 feet apart. Read NOTICE ABOVE.

BLACKBERRIES

When fully ripened on the bush, few berries are as sweet and delicious as Blackberries. Moreover, they grow most anywhere, even in very poor soil.

A37 Alfred—Ripens early but bears a long time. Produces an enormous crop of first-quality fruit. Berries are mammoth in size. Color is jet black; flavor sweet and delicious, nearly coreless and seedless. Very hardy. Heavy bearer.

A38 Eldorado—Late. Our most popular Blackberry. The sparkling jet-black berries are large, sweet, delicious and almost coreless. Ripens over a long period and is generally the last berry of the season. Hardy, vigorous and a heavy, regular bearer.

INTER-STATE'S OUTSTANDING Plum VARIETIES!

BEAR YOUNG - BEAR HEAVILY - DELICIOUS

Scarcely any fruit has been improved as much in the past few years as has the plum. Bears younger and more heavily. The fruit is larger, with a wonderful flavor. We offer below the finest, outstanding varieties. Plant Plums 12 to 15 feet apart, in a group so they can cross-pollinate, thus greatly increasing the crop.

F102 New Damson—This is an improved strain over the ordinary Damson. The blue plums are medium size of finest quality. Free-stone. A heavy regular bearer. Ripens in August. Hardy to northern Iowa.

F104 New Pipestone—A new Plum from Minnesota. The fruit is immense size, the largest plum we have ever grown. It has a very attractive color, red with a golden blush. The flesh is yellow, juicy and excellent quality. Fine for eating and cooking. Bears very young and heavily, ripening in August. Very hardy.

F105 New Red Coat—This also comes from Minnesota and is one of our best plums for canning. It is perfectly free-stone, the stone falling right out when you cut the fruit in half. The fruit is large, prune-shaped, a bright red color, good quality especially fine for canning. A healthy vigorous grower that bears young and every year. Ripens in August. Very hardy.

F112 South Dakota No. 27—A new variety from South Dakota that produces large red and yellow plums of high quality. Also it is a very good pollinator for other plums. Very hardy. Ripens in August.

F108 Toka—Originated by Prof. N. E. Hansen, the famous plant genius from South Dakota, this is undoubtedly the richest flavored of all plums—a sweet, somewhat spicy and tangy flavor that is unequalled. The fruit is quite large, a beautiful apricot color with very firm, yellow flesh. Perfect free-stone. Fine for eating and canning. Ripens in August. Very hardy. It is also a good pollinator for other plums.

F113 Ozark Premier—This new variety was originated by the Missouri State Fruit Experiment Station. The fruit is bright red, nearly round and is extremely large. Firm, fine-grained, yellow flesh, juicy and flavorful, cling. At Mountain Grove it is a very heavy, regular bearer. This variety is well worth trying in Missouri, eastern and southern Kansas, Oklahoma, Arkansas, Tennessee, in fact most anywhere excepting the coldest states.

Fruit Tree Sizes

We do not have room to show both the caliper and height of trees so we show only the height. The caliper means the thickness or diameter of the tree just above the ground line.

Super Size Trees caliper $\frac{3}{4}$ inch and up and are well-branched, well-rooted, the cream of the crop.

5 to 7 foot trees caliper $1\frac{1}{16}$ inch and up
4 to 6 foot trees caliper $\frac{9}{16}$ to $1\frac{1}{16}$ inch
3 to 5 foot trees caliper $\frac{7}{16}$ to $\frac{9}{16}$ inch
2 to 3 foot trees caliper $\frac{5}{16}$ to $\frac{7}{16}$ inch

All our trees are inspected by Official State Inspectors as well as by our own trained men. It is our honest endeavor to send out as fine stock as can be produced in America.

F103 Green Gage—The sweetest eating and canning plum, it is just full of sweet, sugary flavor. Large, greenish-yellow fruits, freely produced. Free-stone. Ripens in early September. It is not suited to extremely cold sections like northern Iowa.

	Each	3 for	6 for
4 to 5 feet, Not Postpaid.....	\$1.70	\$4.85	\$9.35

Pears

**DELICIOUS - EASY TO GROW - DO WELL PLANTED
IN SOD - RIGHT IN YOUR OWN YARD!**

Pears grow in any ordinary soil, even in sod, right in your yard. Plant 20 feet apart. Two trees, alike or different varieties, planted near each other so they can cross-pollinate, will both produce more heavily than if planted alone. To tell when Pears are ready to pick, place the palm of your hand under a Pear, raise it gently and if the stem snaps off easily from the limb, they are ready to pick. Then put them in a cool, dark place to ripen and you will have Pears of the highest quality.

F90 Bartlett—Our most popular summer Pear. Fruit is large, yellow with blush, juicy, sweet, high quality.

F93 Bierschmidt—A new summer Pear ripening a few days after Bartlett. Originating in Northern Iowa, it is harder than Bartlett. Good bearer. Highest quality. Blight resistant.

F92 Kieffer—The most widely planted winter Pear. A healthy, hardy and vigorous grower which bears young, heavily and regularly. The fruit is large and fills countless jars every season. Pick the fruit when it starts to color and let it ripen in a cool, dark place. Then it is delicious. Blight resistant.

F95 Patten—Originating in Iowa, this is a very hardy Pear which can be planted in cold sections like northern Iowa, Minnesota etc. Ripens in August. The fruit is large, yellow with blush, juicy, sweet, luscious flavor. Good bearer. Very blight resistant.

F91 Douglas—A fall pear that bears very young and regularly. Blight resistant. Poor quality.

F96 Seckel—Called the Sugar Pear because of its sweet, delicious flavor. Fruit is not large but the highest quality. Ripens in late summer. Bears young and heavily. Blight resistant.

F97 Waite—A new winter pear, better than Kieffer.

Cope's SEEDLESS Pear

THE PEAR THAT HAS NO SEEDS, NO CORE

It's New
Seedless
Coreless
Attractive
Large Size
Fine Flavor
Productive
Vigorous
Hardy

F88 Cope's New Seedless Pear—A New Fruit Sensation. A Pear That Has No Seeds and No Core. In addition, it has everything else that you could ask for in a pear; great producer, excellent quality, size, beauty, vigor and hardiness. The fruit is large, a beautiful golden-yellow with a blush. The flesh is tender and sweet, juicy and delicious. Fine to eat fresh and ideal for canning as it has no seeds, no core.

Bears Young, Does Not Blight

The original tree began bearing when 3 years old, and at 5 years of age it produced 3 bushels of perfect fruit. The trees in the nursery rows sometimes bear fruit. Other Pears right next to Cope's Seedless have blighted but it has never shown any signs of blight.

A Delicious Summer Pear

It ripens about 10 days after Bartlett and ripens evenly without any softening at the center. It is a self-pollinator but will produce more fruit if two Cope's trees are planted near each other. If there are other varieties of Pears close, so they cross-pollinate, then Cope's may have a few small seeds.

Why not plant an apple tree in your lawn? It will give you shade, flowers and fruit. We have a very fine lot of Apple Trees this season. The 6 to 8 foot trees are exceptionally choice. The other sizes will also please you. All are 2-year branched, well-rooted trees which will soon start bearing. ORCHARDISTS WHO WANT LARGER QUANTITIES OF TREES SHOULD WRITE US FOR SPECIAL PRICES

SUMMER APPLES

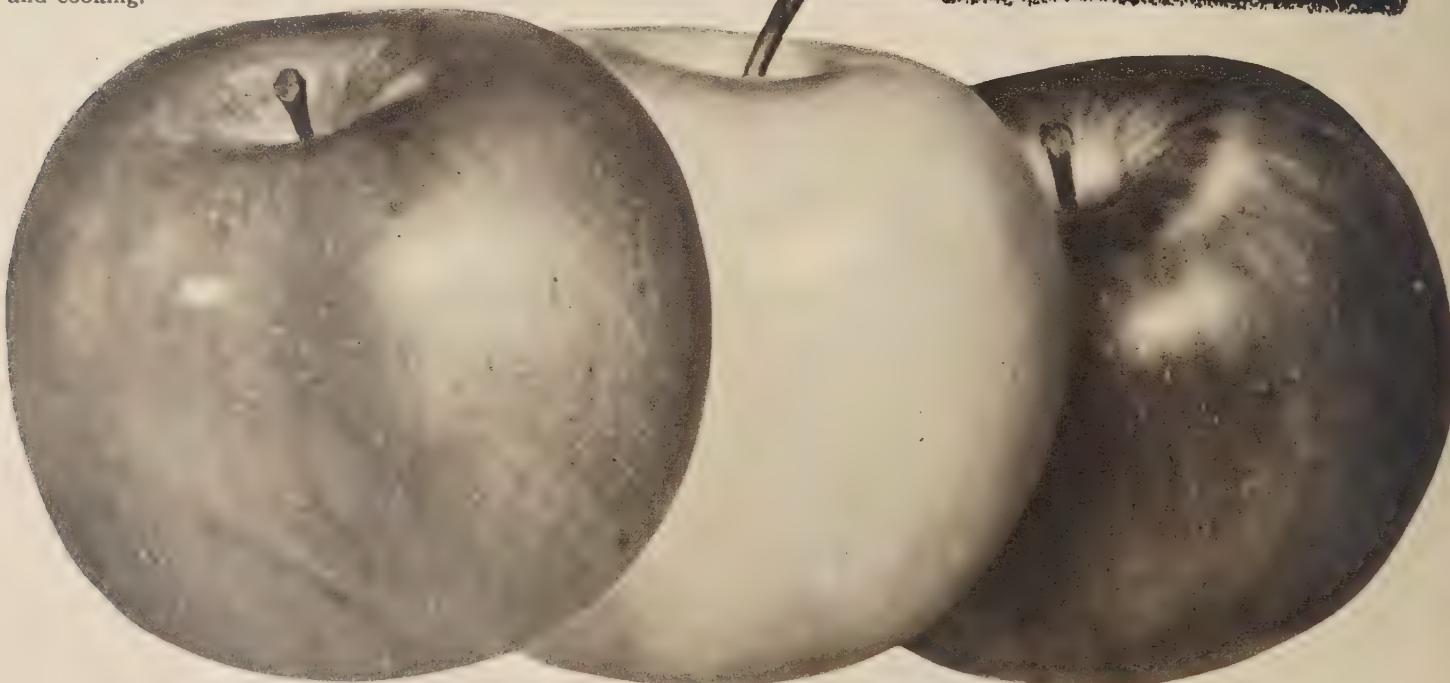

F31 Anoka—Originated by Prof. N. E. Hansen of the South Dakota Experiment Station. Generally bears next year after planting. Fruit is yellow streaked red. Ripens in August but can be used a month earlier.

F32 Beacon—This new apple originated at the Minnesota Fruit Experiment Station and is much better than Duchess. The fruit is large, a solid bright red of very fine quality. It ripens in August but can be used weeks before. It is very hardy and extremely productive. Fine for eating, pies, sauce, etc. Bears very young.

F35 Early Red Bird—This fine apple ripens a week before Yellow Transparent. It is the best real early red apple we know. The fruit is large, bright red, good quality for both eating and cooking. Hardy and a heavy bearer.

F33 Red June—Everybody likes this early red apple.

F37 Yellow Transparent—The favorite early yellow apple. Ripens in July. Bears young, heavily and every year. Fruit is medium size, tender, juicy. Fine flavor for eating and cooking.

Beacon

Yellow Transparent

Winesap

FALL APPLES

F34 Maiden Blush—An old favorite. Yellow with blush, mild flavor, large size. Ripens just before Wealthy.

F42 Wealthy—By far the most popular fall apple. It ripens in September but can be used weeks earlier. Fruit is large, red striped, with tender, juicy flesh of fine quality. Very hardy. Bears young and heavily.

CRAB APPLES

F70 Dolgo—Every year just full of bright red fruit which makes the finest tasting and best looking jelly. Tree itself does not grow too large and is attractive enough to plant in your lawn as a flowering crab. Very fine.

F71 Whitney—You can eat it fresh just like an apple. It is not tart. The fruit is medium size, red striped, fine quality. Makes wonderful apple butter and jelly. Bears young and heavily.

FARM HOME COLLECTION

Nine of our most popular varieties, giving you fresh apples almost the year 'round, starting in early summer with Early Red Bird and ending late in winter with Winesap.

WINTER APPLES

F48 Grimes Golden—For many, many years this has been a very popular yellow apple. The fruit is large and highest quality.

F49 Hawkeye Greening—This fine apple originated by the Iowa Experiment Station, an attractive greenish-yellow, very large in size and good quality. The only apple we know that is good to eat fresh from the tree, and is just as good in late winter, even when kept in an ordinary cave or cool cellar. Over a period of more than ten years it has outborne every apple tested at Ames, Iowa.

F51 Jonathan—Almost everybody knows it and likes it. A fine bright red apple of highest quality with crisp, yet tender flesh. Juicy and full of snap.

F52 Jonathan, New Bright Red—This is like the apple above but it colors a couple of weeks or so earlier and has a richer color. One of America's greatest apples.

F53 McIntosh, Solid Red—This large red apple is especially popular in the east, and also in sections of other states. Flesh Snow-white of very high quality.

F56 Red Delicious—This is the original Delicious which originated in Iowa and has been planted from coast to coast for its superb quality and mild juicy flavor.

F60 Solid Red Delicious—Considered by many to be the finest of all red apples. It bears younger, keeps longer and the fruit colors up several weeks earlier than the common Red Delicious. The fruit is large, solid red and has a delicious flavor, unequalled by any other apple.

F58 Secor—Originated at the Iowa Experiment Station. Large red apple of very highest quality. Productive. Many like it better than Jonathan.

F36 Sweet Delicious. Our best sweet apple. Large red fruit with rich, sweet aromatic flavor.

F64 Winesap—The most popular long keeping winter apple. This is an improved strain. It has better color, larger size and will keep right through winter into spring.

SOLID RED DELICIOUS,
America's Favorite

F66 Yellow Delicious—This is now the most popular yellow apple in all America. It bears young and heavily, the fruit is large, juicy and no apple has a finer flavor. Some people who cannot digest other apples, eat this without any trouble. It is ready for eating in late fall.

F67 York Imperial—A large red apple, a little lop-sided but keeps all winter. A heavy bearer and good quality.

JONATHAN
The Midwest's
Great Apple

We can also do Baldwin, Cortland, Early Harvest, Fameuse, Haralson, Lodi, Joan, Minjon, Prairie Spy, Red Northern Spy, Red Rome Beauty, Sharon, Stayman, Summer Champion and Turley.

New McClain Cherry

F82 We believe this amazing McClain cherry is the finest new variety introduced in many years. The fruit is large, a rich red color, and delicious flavor. It ripens about the same time as Montmorency. For eating fresh, for pies, sauce, preserves and freezing, it is unsurpassed. It bears very young, generally the very next year after planting. Moreover it bears regularly and very heavily. The fruit is easy to pick because the tree does not grow as tall as other cherries. Wherever it has been tried, the reports are enthusiastic. Will grow right in your lawn, giving you lovely flowers, attractive foliage and delicious, healthful fruit for many years.

F20 This 6-in-1 Apple Tree has six different kinds of apples, all on one tree. They are six of our best, most popular kinds, giving you fruit from early summer well into the winter.

Yellow Transparent, for summer.

Wealthy, for fall.

Yellow Delicious, for late fall.

Solid Red Delicious, for early winter.

Bright Red Jonathan, for the holidays.

Winesap, for winter.

Yellow Transparent and Yellow Delicious start bearing young, followed by Wealthy and soon all are bearing, all on the same tree. This is the one tree for those who want several kinds of apples, but do not have much ground available. With its flowers, rich green foliage and fruit, it is attractive enough to plant in your front yard.

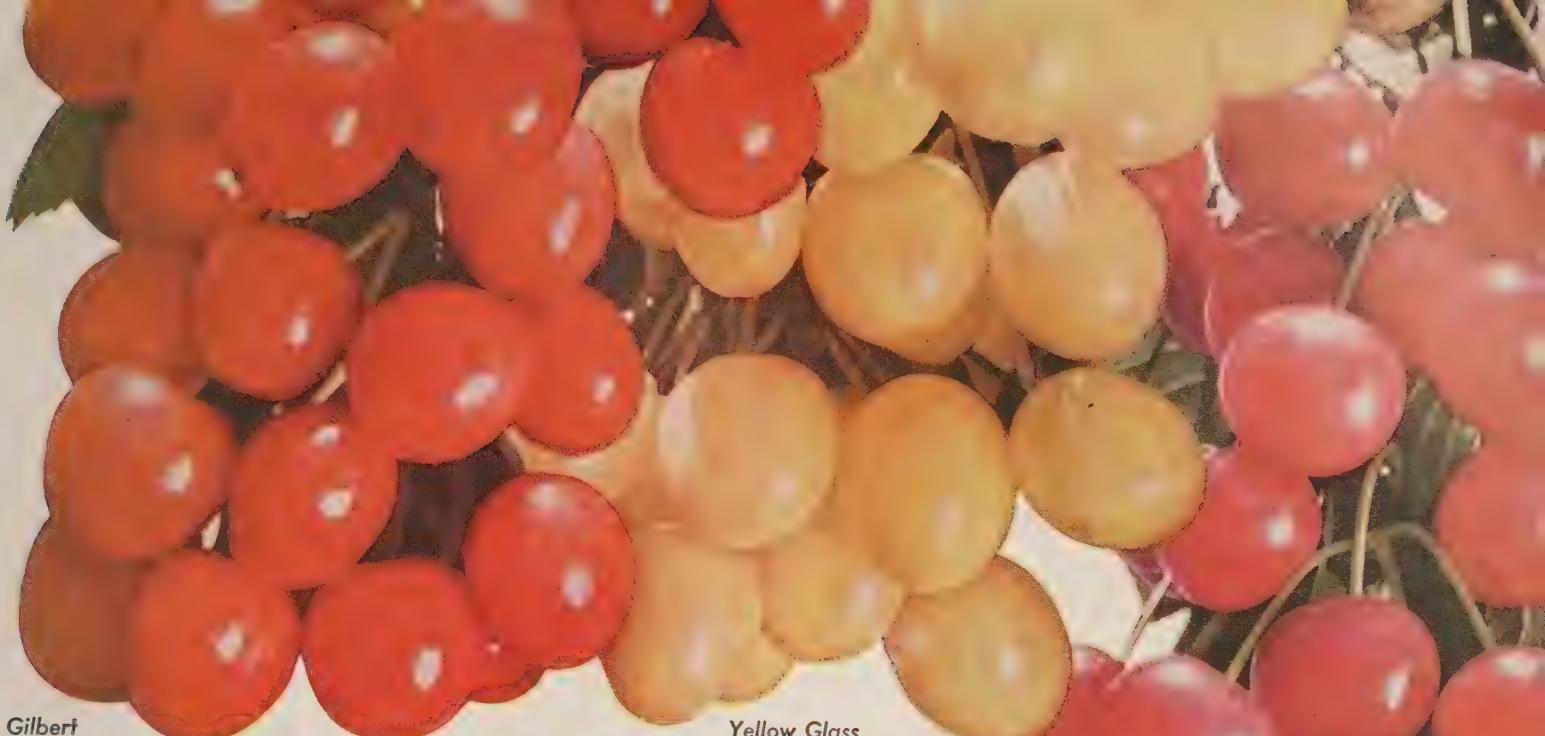

2-Year Trees, 4 to 6 feet tall.

F81 Gilbert Montmorency—For many years the Montmorency has been the most popular of all Cherries. This is a special strain from a single tree, the best of many thousands of Montmorency trees, in the great cherry district at Sturgeon Bay, Wisconsin. Ripens about ten days after Early Richmond. The red fruit is large, firm, fine flavor, the best of all Cherries for canning. The tree is a rather short grower so the fruit can be easily picked.

TASTE BEST WHEN PICKED RIPE FROM YOUR OWN TREES

The peaches are listed in their order of ripening. Mayflower ripens here in early July—Elberta the last of August. Peaches need but little room, easy to grow. Our Iowa-grown, budded trees are hardy and bear young. Plant them 15 to 20 feet apart.

F12 Mayflower—First to ripen yet almost frost-proof as it blossoms so late. Red all over, fair quality, good size. Semi-cling.

F14 Red Haven—This new variety is rapidly becoming the leading real early yellow peach. The fruit is large, almost a solid red like a Jonathan apple. The yellow flesh is firm, sweetly delicious, high quality. Free-stone. A hardy, vigorous grower and very productive.

F8 Golden Jubilee—Free-stone. Popular early peach, orange-yellow with blush. Yellow flesh of excellent quality. Heavy bearer. Hardy.

F5 Champion—Free-stone. Large creamy-white with red cheek. Flesh is white, juicy, sweet and highest quality. A heavy, regular bearer. Very hardy. Excepting Sungold and Polly, this is probably the hardest peach we grow.

F9 Hale Haven—Free-stone. This fine new peach is rapidly overtaking Elberta. A heavy producer of large, yellow peaches of high quality. Hardy.

F6 Early Elberta—Free-stone. Yellow with blush. Fruit is large, yellow flesh, firm, juicy, delicious. Hardy.

F10 J. H. Hale—Free-stone. Very large, golden yellow, flushed red with fuzzless skin. Flesh is yellow, solid, tender, very high quality. On the market it always brings a higher price. Plant with other varieties for pollinization to increase yield.

F7 Elberta—This grand peach fills millions of fruit jars every year.

Sungold

HARDY YELLOW PEACH

Sold Only by Inter-State Nurseries

Very Large, Free-Stone, High Quality, Attractive

F1 Sungold fruit is very large, free-stone, beautifully blushed. Flesh is firm, golden yellow, full of juice, fine quality. Extra good for canning. Ripens a day or two before Elberta and is a heavy, regular bearer. A commercial peach because it colors early and ships well. Tree is well-branched, stocky and short, making picking easier. Tests at Ames, Iowa show it is definitely a hardier peach. Dave Moore of Grand Junction, Colorado has told us many times it is the best variety he grows. Mr. E. F. Lewis of Grand Junction told us that in summer 1948 he sold all his Sungold at \$3.50 per bushel when Elberta was so cheap that many orchardists did not pick their fruit. Sungold is self-pollinating, far hardier than J. H. Hale. If you are an orchardist, you should by all means make a test planting of Sungold.

Polly

FINEST WHITE PEACH

INTER-STATE'S ORIGINAL STRAIN

Hardy, Delicious, Free-Stone, Heavy Bearer

F2 The fruit is large, blushed, free-stone, ripens just before Elberta. The flesh is white, juicy but firm, the richest, most delicious flavor. All who have tasted it agree that POLLY IS THE FINEST FLAVORED PEACH THEY EVER ATE. When canned it stays firm and makes the most luscious peach sauce and preserves. Polly is not a good shipper but is best for home use and local markets. It bears young and is a heavy, regular bearer. Polly was introduced by us in the spring of 1934. It was originated by the Iowa Experiment Station. Thoroughly tested for many years, standing cold of 15 to 20 below zero. Polly is not a peach just for the North. It is a great peach for other sections as well. The fruit has such a wonderful flavor and is produced abundantly.

Use Inter-State Vines to soften harsh lines

Clematis Jackmani

Do you have an unsightly garage, a barren wall or fence? These Vines can turn them into spots of charm and beauty.

INTER-STATE'S CLEMATIS

Clematis are the most colorful and many people think them the most beautiful of all flowering vines. On a porch, pergola, trellis or fence, they are truly a gorgeous sight, so many lovely flowers of purple, white and red, all summer. A location shaded from the hot afternoon sun is ideal. Our plants will bloom this summer. POSTPAID.

V2 Henryi—A chastely pure white flower of unrivaled charm. Immense size, often 7 inches across, and produced all summer. **Each 75c.**

V3 Jackmani—When you see this plant, covered with hundreds of purple blooms, you will know why it is called the Queen of all Vines. The flowers are large, 4 to 6 inches across and produced freely all summer. The most colorful and attractive of all. **Each 75c.**

V4 Mme. Ed. Andre—Its striking, velvety red flowers are produced profusely. **Each 75c.**

TREE WISTERIA

Here is a very unusual item that will appeal to many, Wisteria grown in tree form. In the spring it is completely covered with the lovely fragrant flowers, a center of attraction. Not particular as to soil but we do not advise planting any Wisterias in coldest sections like northern Iowa, Minnesota. The plants are hardy but severe cold weather may injure blossom buds so they do not bloom.

Your Choice of Following Colors

V26 Purple-flowered. **V28** White flowered.

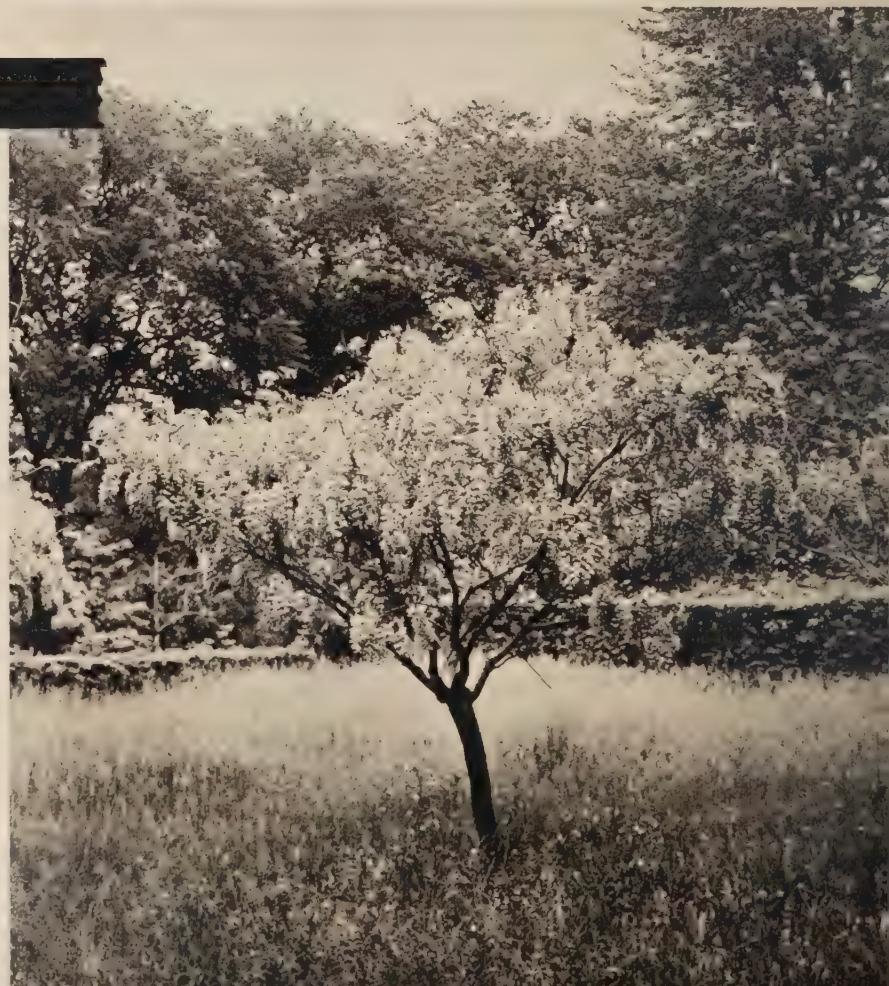

V27 Pink-flowered.

3 to 4 foot stems,

V18 Boston Ivy—It clings so closely to the walls, they seem to be shingled with leaves. The foliage colors a charming maroon in the fall. Clings without support to even the smoothest surface. Prefers a north or east side. Postpaid.

Each 60c, 2 for \$1.00

--- add charm and beauty to your home!

SILVER LACE VINE→

V17 The Fastest Growing Hardy Vine. Often grows 10 to 12 feet the very first season. From mid-summer to late fall, completely covered with thousands of small white flowers. The foliage is glossy green. Easy to grow, it is ideal for porch, pergola, trailing over a fence, stumps and banks.

Each 75c, 2 for \$1.25 Postpaid

Silver Lace Vine

Wisteria

WHITE WISTERIA

V24 This is something you have wanted and has been very hard to get. Just imagine a vigorous wisteria vine just full of clusters of snow-white fragrant flowers. It is superb. Our strong 2-Year grafted plants start blooming young.

Each \$1.50, 2 for \$2.50 Postpaid

PINK WISTERIA

V14 How would you like to have a wisteria with pink flowers? All right, here it is, with lovely fragrant pink flowers. It is still new and rare. We have only 2500. Strong 2-Year grafted plants.

Each \$1.00, 2 for \$1.75 Postpaid

PURPLE WISTERIA

V15 This is a special strain with large clusters of the most beautiful lilac-purple flowers, far better than the ordinary Wisteria. Blooms so freely in May-June, the fragrant flowers are a grand sight. These plants are grafted which means they start blooming when very young. Easy to grow, from coast to coast, it lasts for generations becoming more beautiful each passing year. Strong 2-Year Plants.

Each \$1.00, 2 for \$1.75 Postpaid

BLUE WISTERIA

V25 This is another color you have wanted in Wisterias, a real blue. It is a vigorous grower with clusters of fragrant blue flowers all over. You will love it. Strong 2-Year grafted plants that soon start blooming.

Each \$1.25, 2 for \$2.00 Postpaid

WISTERIA SPECIAL

1 Purple	1 White

NEW
SURE-TO-FRUIT
BITTERSWEET

V19 The ordinary Bittersweet often fails to fruit. Here is one that always fruits. Even one vine planted alone will bear fruit, but if you plant 2 or 3 close together so they can cross-pollinate, then they will all bear a great deal more. Grows rapidly in any kind of soil, in sun or partial shade. Blooms in June followed by clusters of attractive orange-red berries. Makes fine late fall and winter bouquets. Postpaid.

Each 85c, 2 for \$1.50

Inter-State's Flowering Shrubs

MAKE YOUR HOUSE A HOME. HAVE BLOOMS FROM SPRING TO FROST

SPIREA VAN HOUTTE, Bridal Wreath

S139 This shrub has done more than any other to beautify America. It makes good everywhere, a solid mass of white in the spring. Beauty Bush

S8 Beauty Bush (Kolkwitzia)—This is another very fine, long-lived shrub. In the spring, the graceful arching branches are completely covered with lovely pink blossoms. The bush is very shapely and attractive. Hardy, it grows 6 to 8 feet tall and grows even in rather poor soil. Rather slow to come into blooming, but after 3 years it will be a beauty spot in your garden. Use it in group plantings, as a specimen and for an untrimmed flowering hedge or screen, it is superb.

2 to 3 feet, Postpaid.....	Each \$1.00, 3 for \$2.50
18 to 24 inches, Postpaid.....	Each .75, 3 for 2.00

S55 Blue Hydrangea The flower heads are immense, last for weeks. In acid soil the color is blue. In ordinary soil, it is pink. If you want blue flowers, mix your soil half and half with peat moss (see page 33). Watering twice a month with a tablespoon of aluminum sulphate in each gallon water deepens the blue color. In northern states we advise giving winter protection like roses. Before severe freezing, mound up dirt 10 to 12 inches high around the shrub. It grows 3 to 4 feet tall and just as wide. Prefers partial shade. Postpaid.

2 Year, each \$2.00 1 Year, each \$1.50

Cardinal Shrub (Weigela, Vanicek)

← Cardinal Shrub (Weigela Vanicek)

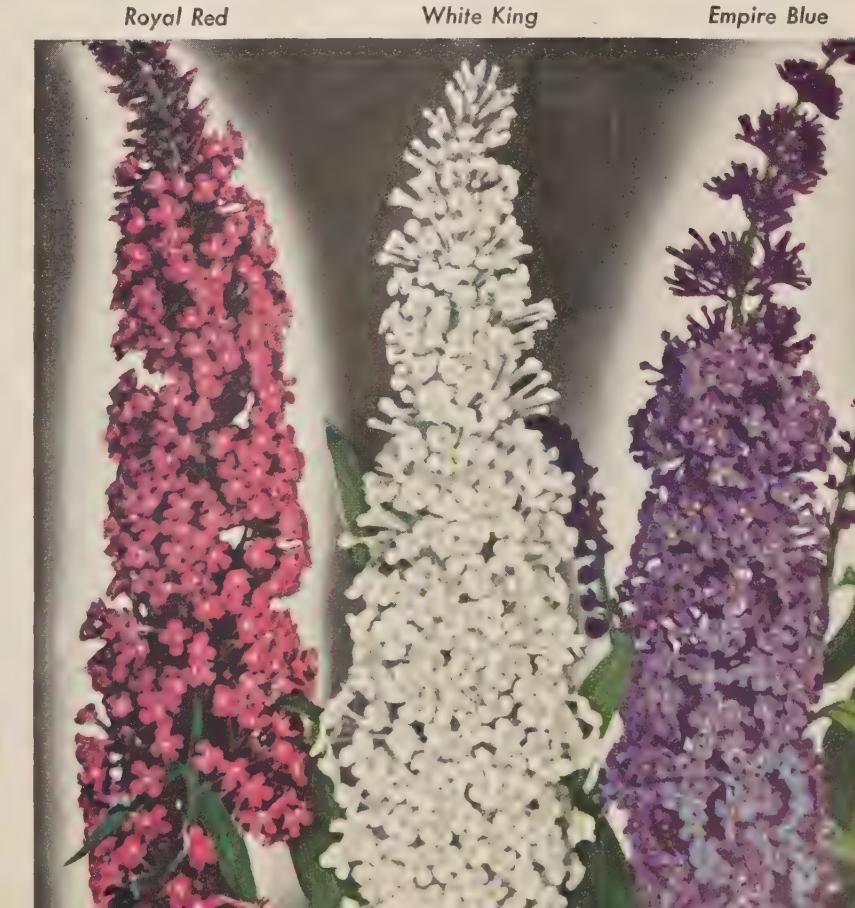

S150 We have found this new Weigela entirely hardy, standing 20 degrees below zero without injury. It is the finest new hardy shrub we have ever tested. Makes a shapely rounded bush 5 to 6 feet tall and almost as wide with excellent foliage. In May-June it is completely covered with the beautiful rosy-red flowers. After this big display, the plant makes new growth and in a few weeks commences to bloom again and produces some blooms right up to frost. Planted this spring, it will bloom for you this summer and fall. Postpaid.

Flowering Hopa Crab

Flowering Hopa Crab

T1 Our most popular, low-growing, ornamental tree. Beautiful in bloom, beautiful in foliage, beautiful in fruit. In the spring, it is completely covered with the fragrant, bright pink flowers. From mid-summer till severe freezing, the clusters of small, red crab apples gleam brightly along the branches. This fruit makes very fine jelly. In the spring, the foliage is a rich maroon. Perfectly hardy, easy to grow, thriving in any soil.

Azalea Mollis IMPORTED FROM HOLLAND

We are very fortunate in being able to import from Holland some fine Azaleas. These are not only a superior strain but you have your choice of four vivid colors. The plants are a foot tall, branched and will have a few flowers this spring. They grow 3 to 4 feet tall and 3 to 4 feet wide. Bloom in May and June, the striking flowers completely covering the entire bush after a few years. Prefers partial shade and a slightly acid soil so a mulch of Peat Moss is beneficial (see page 33 for Peat Moss).

Crape Myrtle Blooms Midsummer to Frost

Crape Myrtle, the south's most beautiful shrub, can now be grown much farther north. We have secured a strain which is hardier. In northern states, grow it just like Everblooming Roses, giving winter protection by mounding up dirt before cold weather comes. It blooms on new growth so it does not matter if the old top is entirely killed. The flowers have such lovely, clear colors with a soft crepe-like texture. We have priced them reasonably so all can enjoy this wonderful shrub. They will bloom this summer.

Flowering Magnolia

MAGNOLIA SPECIAL
1 Kwanzan Flowering Cherry, 2 to 3 feet
1 Magnolia, 2 to 3 feet
9T19 Both for \$5.25 Postpaid

T18 Magnolia, Soulangeana—This is the most popular hardy Magnolia. One of the first trees to bloom, the delightfully fragrant flowers appear before the leaves. They are pink in the bud and white when fully open. The blossoms are large, often 8 inches across. The foliage itself is attractive, a rich, waxy green. The tree seldom grows more than 10 feet tall and starts blooming before it is 3 feet tall. In fact, most of the young trees we send out have bloom buds on them. It is a strikingly beautiful, low-growing, flowering tree for the lawn.

EUONYMUS BURNING BUSH

S32 Euonymus (Alatus Compactus)—There is no shrub which will draw more attention. Has yellow flowers in May-June followed by red fruits. In the fall the leaves turn such a brilliant color, coppery-crimson tinged rose, that this shrub will be the center of attention. It has an unusual corky bark. Thrives in partial shade or full sun. Is perfectly hardy, makes a compact, bushy plant 4 to 5 feet tall and just as wide. It is not particular as to soil, growing over a wide territory. A shrub that is ornamental and attracts attention spring, summer, fall and winter. Postpaid.

12 to 18 inches, Each \$1.50

← VIBURNUM CARLESI

S145 This grand shrub is generally called the Pink Snowball. In the spring it is completely covered, from top to bottom, with blooms so fragrant they perfume the yard. The flowers are a light pink on the outside and the inside is snowy white. It makes a nicely shaped bush, five to six feet tall and just as wide, with branches right down to the ground. The deep green foliage colors a bronzy-red in the fall. It is planted from coast to coast. It adds beauty and distinction to your home planting.

12 to 18 inches, Postpaid..... **Each 2.00**

Winterberry

EUONYMUS PATENS

Winterberry Stays Green All Winter

\$155 This is one of the most attractive of all shrubs. The leaves are lustrous glossy green and stay on all winter . . Thrives in sun or partial shade. Does fine on north side of house. Makes a shapely bush 4 to 5 feet tall with red berries which hang on a long time. Fine for foundation planting and around the porch. Also it stands out in a general planting of shrubs. It makes a wonderful hedge that can be sheared to any desired height. As a hedge plant 18 to 24 inches apart. You can well picture to yourself how beautiful such a hedge would be, with well-branched, bushy plants and green foliage all through the winter. It does fine all through the south and eastern states, also Ohio, Pennsylvania, Indiana, Illinois, Missouri, southern Iowa, southeast Nebraska and all Kansas except northwest section. If you now have the ordinary shrubs, plant some of these. You will like it and everybody who see it, will ask you for the name of it.

Fragrant, Colorful French Lilacs

PLANT EARLY THIS SPRING—WILL BLOOM NEXT SPRING

They bloom very young, just a year or two after planting. Grow 6 to 8 feet tall. These are so fine that many cities are making French Lilacs the city-wide shrub. In our trial plantings we have nearly 50 varieties of Lilacs. We are propagating those kinds which we find best. They are grown right here at Hamburg and we believe they are as fine plants as are grown. You who know Lilac varieties will immediately realize that seldom have you had the opportunity to get such fine kinds at these prices.

Standard Varieties

S84 Firmament—This is the highest rated Blue and it well deserves to be. It is the finest and bluest we have ever seen, a clear sky blue.

S63 Marechal Foch—Enormous flowers of glowing rose. Without doubt this is one of the greatest of all Lilacs.

S72 Monge—This is conceded to be the best of the ruby-red. It is magnificent.

S75 Mont Blanc—We consider this one of our finest whites. Most of the others are creamy white. This is almost snow-white.

S76 Mme. Antoine Buchner—We class this as a lilac-pink and it is without a peer in this color. Large trusses. An extra fine variety.

S90 President Falliers—This is the finest orchid-lavender. Very full trusses and the flowers have a graceful lacy appearance.

PLANT INTER-STATE *Hardy Hedges...*

HARDY RUSSIAN PRIVET

H2 Hardy Russian Privet (Amoor River North)—If you do not know what hedge to plant, we recommend this very highly. It is by far the most popular hardy trimmed hedge in the northern states. It makes a permanent hedge, lasting for generations. Not only adds beauty, it also protects your yard especially if you have a corner lot. It is fine for a division line between yards. Can be trimmed to any desired height, making a thick, dense hedge, without thorns, right down to the ground. Requires trimming only twice during the summer. But if you trim it 3 or 4 times, it becomes more dense and bushy. Leaves are rich, dark green and hang on until very late fall. Plant 1 foot apart.

BRIDAL WREATH

H3 Bridal Wreath (Spirea Van Houtte)—This photograph shows the beauty of Bridal Wreath, America's most popular and widely planted untrimmed flowering hedge. Millions of small white blooms cover the gracefully arching branches, every spring, without fail. Requires no special care and lasts a lifetime. Perfectly hardy, grows everywhere, in full sun or partial shade. You see it all over America and everywhere it is attractive and thriving. Makes a marvelous natural hedge or screen 5 to 6 feet tall. Plant 2 to 3 feet apart.

CHINESE ELM

H1 This is America's fastest growing hedge, making a good showing in just a few months. It is the first to leaf out in the spring and one of the last to shed in late fall. You can trim to any desired height from 3 to 10 feet, as a hedge or tall screen. The more you trim it the more dense and compact it becomes. We recommend that after planting, you cut off nearly all the top, leaving only 3 to 4 inches above ground. Plant 8 inches apart.

K15 DOGZOFF

This is guaranteed to keep dogs and other animals away from places they are not wanted. Harmless to humans, non-poisonous, non-inflammable. Easy to use, simple instructions on every can. One can usually lasts a season.

"DOGZOFF"

PEAT MOSS

K8 Large Full Bale for \$4.50
Weighs 100 to 120 Pounds

K9 Half Size Bale for \$2.50
Weighs 50 to 55 Pounds

You pay the express or freight charges. This is genuine Canadian Horticultural Peat Moss. It is very dry and in machine pressed bales. We like it better than domestic. It adds humus and helps soil hold moisture. In planting Azaleas, Blue Hydrangea and other acid loving plants use half peat moss and half soil. Also good for planting roses, shrubs, trees, perennials but use only 1/4 peat moss and 3/4 soil. Freight is much cheaper than express but takes longer. Frankly we suggest that if you can get it closer that you buy from your closest source of supply.

For Insects and Diseases Use

BUG-DUST-O-CIDE

- NON-POISONOUS TO HUMANS AND DOMESTIC ANIMALS WHEN USED AS DIRECTED.
- MULTI-PURPOSE—Has a triple action on certain insects—as a stomach poison, a contact poison and as a repellent.
- EFFECTIVE—Satisfied users everywhere recommend Bug-Dust-O-Cide.
- EASY-TO-USE—ready to apply—no mixing, no fuss or bother.

PRICES

Postpaid in Iowa, Missouri, Nebraska and Kansas. All other states add 3c per pound for postage.

6 FRIENDS OF THE GARDENER

These supplies are carried in stock at all times. Available for prompt shipment.

FORCE'S MOLE KILLER

You simply put the pellets in the runways. The moles like them and eat them and die. That is all there is to it. Keep a supply on hand to use when the mole's runways appear. Guaranteed to work or your money back. Postpaid.

K4 75 Pellets for 50c.
K5 185 Pellets for \$1.00.

RA-PID-GRO

For Better Flowers, Better Lawns, Better Shrubs and Trees, Better Gardens

Here is a product that we would like to have everybody use. When planting, you simply put 4 level teaspoonsfuls of RA-PID-GRO in 1 gallon of water (8 level teaspoonsfuls in 2 gallons water, etc.). Soak the roots of Roses for 3 minutes. They will start much more quickly and bloom much sooner. Soak roots of shrubs for 3 minutes; roots of trees for 4 minutes; just dip Perennial roots for a second or two. Strawberry plant roots are dipped for just a second or two. Raspberry, Blackberry, Boysenberry, Healthberry roots, Grapes, Gooseberries, Currants and Blueberries are dipped for one minute. After dipping, plant right away, keeping all roots protected from sun and wind. When through planting, pour the solution around the newly planted stock. Then every 2 to 3 weeks, use RA-PID-GRO and you will get the very best results. 1 pound makes 22 gallons of quick-acting fertilizer.

It is marvelous for invigorating lawns. For using on the lawn and large areas, we have a special nozzle. It costs \$1.50 Postpaid. It automatically measures out the right amount of RA-PID-GRO. However, you do not need this nozzle for ordinary garden use. You simply put RA-PID-GRO in water in a pail or sprinkling can, then pour it around the stock you wish to fertilize. We realize the soil in most yards is not as fertile as it should be. RA-PID-GRO will overcome this and you will be greatly pleased at the increased growth you get. Try it at our risk. If you are not entirely pleased, your money will be refunded. Instructions on every package.

K163 10 Pounds for 8.75	

DUSTING SULPHUR

For Red Spider control on Evergreens, Phlox, Etc.

Comes in a SELF DUST PACKAGE, all ready to use, no fuss, no mixing, no bother. Thoroughly cover on both upper and lower surfaces, then follow with second and third applications at 10 day intervals when necessary. Keep your Evergreens, Phlox, etc., healthy and free from the ravages of red spider by using this effective Dusting Sulphur.

Also can be used for Black Spot, Mildew, Leaf Spot and Rust. Excellent for common chigger control.

SIMPLE DIRECTIONS TO FOLLOW ARE PLAINLY GIVEN ON SELF DUSTER PACKAGE.

K20 1 Pound DUSTING SULPHUR and DUSTER only 50c, postpaid.

Shade Trees FOR BEAUTY AND COMFORT

SUGAR MAPLE

T6 The Sugar Maple (also called Hard Maple) is native to almost every state east of the Rockies excepting the gulf states. It is a permanent tree that lasts for generations. There are many homes in America which are identified by their magnificent Sugar Maples. There are two strains, a northern and a southern. Our trees are the northern. This strain colors more attractively in the fall when its luxuriant foliage is marvelous with tints of orange, gold and scarlet. It makes a large, spreading, perfectly formed tree, of which you will always be proud.

INTERSTATE'S NEW HAMBURG HYBRID ELM

T3 This is an entirely new strain of Elm tree that has never been sold before. It is a hybrid Elm. It grows even faster than the Chinese Elm yet does not break up as the Chinese Elm sometimes does. It is very highly resistant to diseases and insects. It is the most handsome Elm tree we have ever seen, very shapely with large, dark green leaves.

The original tree, growing in Nebraska, has never shown the least sign of winter or cold injury, standing far below zero every winter for many years. Also it grows rapidly right through the summer heat.

There are several Hybrid Elms being grown but this is the most shapely we have seen.

We believe this Hamburg Elm will fill a tremendous need throughout America, North to South, East to West. It grows very rapidly yet it will make a permanent, handsome tree. Ideal for lawn or street planting. Our supply is limited this year, first come, first served.

Send Living Gifts

That Will Be Cherished for Many Years

For Christmas, Birthdays, Mother's Day, Easter, Anniversaries, For Any Occasion

Each year more and more people wish to send their friends and loved ones Living Gifts. It is very easy to do. We have two plans. We guarantee satisfaction to you and to those receiving the gifts.

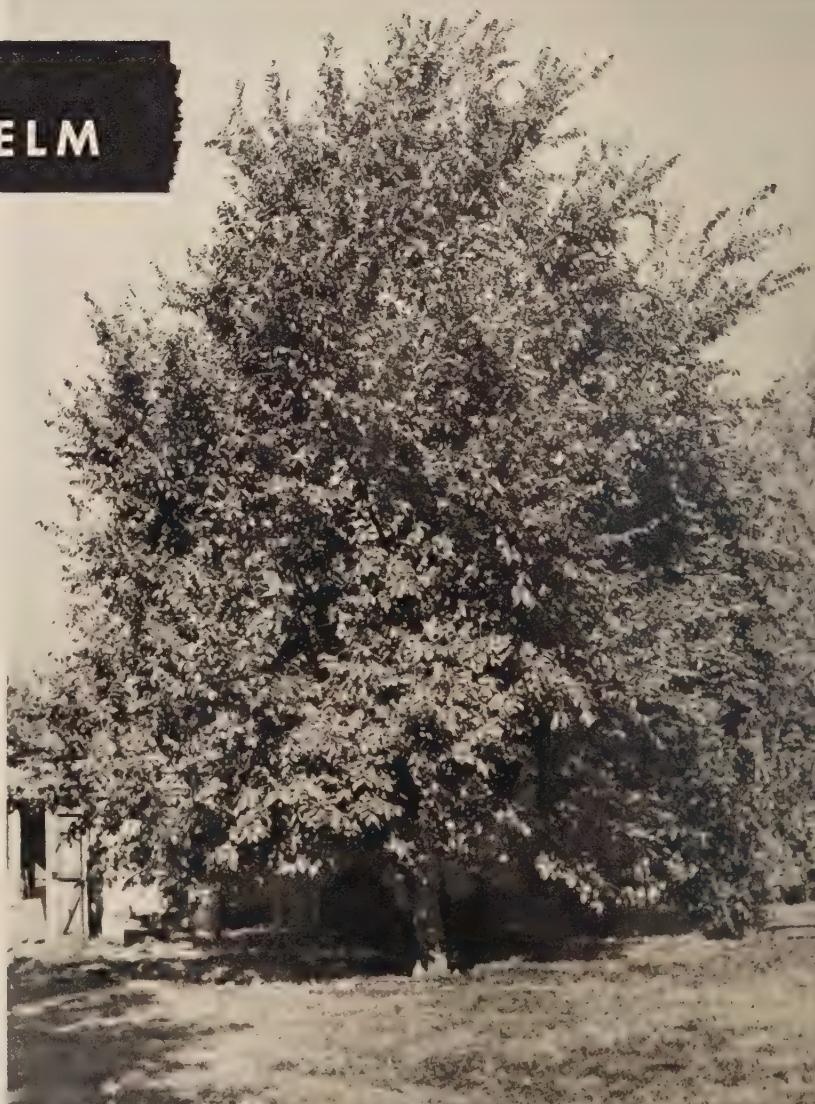

No. 1

You select from our catalog whatever you wish us to send. Give us the name and complete address to whom you want it shipped. We will send this party a suitable Gift Certificate giving your name as donor and listing the stock (without prices) that will be shipped at the proper planting time.

No. 2

If you prefer to have them make their own selections, then you simply send us the name and complete address and enclose check or money order for the amount you wish to give. We will send this party a suitable Gift Certificate good for this amount, giving your name as donor. We will also send our catalog stating that they are to select from it whatever they wish for the amount of the Gift Certificate. This stock will be shipped at the proper planting time.

Year after year, these Gifts will be a reminder of your thoughtfulness.

CHINESE ELM

America's Most Popular Shade Tree

T20 Because of its extremely rapid growth, the Chinese Elm has become popular. Under ordinary conditions, it grows 5 feet a year. In just a few years, it makes excellent shade. It is very valuable for those sections of America where most other trees will not live or thrive, where it is hot and dry, even in alkali. It seems to thrive even in the poorest soil. But in those sections where Maples, Oaks and American Elm are grown, we advise planting the Chinese Elm only as a temporary tree for quick shade. There are hundreds of thousands of such homes, which would be more attractive and more comfortable if some of these quick-growing Chinese Elms were planted.

A 5 to 6 ft. Tree, 7 Years after Planting

A WINDBREAK IN JUST 5 YEARS

A windbreak around your home and farm buildings makes living more comfortable both summer and winter. It breaks up the dust storms and blistering hot winds and the biting cold winds and drifting snows. It will take less fuel to heat your home. Your livestock and poultry will show greater production and profit. Chinese Elm is the fastest growing, drought resistant, economical tree you can plant for a windbreak. In three years you will see a big growth, in 5 years you would not sell it back for hundreds of dollars. These young Chinese Elm Seedlings, are especially fine for windbreak planting. Plant them 5 to 6 feet apart. Two rows in zig-zag fashion help a lot, but three or four rows are better.

9T23 CHINESE ELM SPECIAL FOR WINDBREAK 250 for \$5.00

Fine 18 inch plants, Postpaid

For windbreaks, the Chinese Elm is certainly a great blessing. Plant this spring and in a few years you wouldn't part with them for many times what you paid for them. Every day, summer and winter, they add to your comfort and make you money by their protection. For best results, plant 3 or 4 rows.

FOR QUICKER EFFECT - Plant these Root-Pruned-2 Yr. Seedlings

T22 We have a fine field of 2-Year Chinese Elm Seedlings. These have been grown in wide rows and root-pruned which means a better root system. If you want to plant quite a lot of Chinese Elm Trees and hesitate about paying the higher price for the transplanted shade trees above, then these will do very well for you. The price is so low you can afford to make liberal plantings around your home and buildings, giving shade in summer and protection from the hot winds of summer and cold blasts

of winter. A planting of Chinese Elm is a blessing on any farm and especially so in those parts of Texas, Oklahoma, Kansas, Nebraska, Colorado, Wyoming and the Dakotas, where so few other trees thrive. These 2-Year Chinese Elm will grow rapidly and are a great value at these prices. They will be shipped at planting time by express.

Silver Birch

THORNLESS HONEY LOCUST

T17 Thornless Honey Locust is now recognized as being one of the very best trees for city planting. It withstands the dust, smoke and difficult conditions. It makes a large spreading tree 40 to 60 feet tall. Has fragrant white flowers in the spring. Foliage is feathery, fern-like. Grass will grow right up to the tree trunk. Fast grower and hardy, and not subject to borers. You who have had trouble with other shade trees, try this. It withstands lots of dry weather and abuse.

Below, Washington Hawthorn

WASHINGTON HAWTHORN

T-31 Washington Hawthorn is an ornamental tree that grows 15 feet tall in a pyramidal shape. Has white flowers in the spring and in the fall is full of bright red fruit, red haws, a little smaller than marbles. Also in the fall the foliage turns orange and scarlet making a striking appearance. It is useful as a specimen and is especially fine for background planting and across the back of the yard as it makes a perfect screen that is long-lived and never needs pruning. Easy to grow, it makes itself at home and is hardy everywhere excepting coldest sections like Dakotas and Minnesota. We doubt if ever before has this fine tree been offered at such low prices.

PIN OAK

The Most Majestic of Shade Trees

T11 Everybody thinks the Oak is a grand tree and always admires it. Many people think they grow slowly. Careful records have shown that the Pin Oak, the fastest growing of all the Oaks, actually grows almost as fast as the American Elm. It is one of the most enduring of all trees. A tree planted now will be a great pleasure to you and for generations to come. For street and lawn planting it has no equal. It grows in symmetrical, pyramidal form and at maturity towers 60 to 80 feet high. The rich green foliage is deeply cut and colors to a glorious coppery-red in the fall. Plant Pin Oak and every year hereafter you will be thankful.

Ross Root Feeder

for watering, for fertilizing

Each \$3.50 Postpaid

*with one dozen regular
fertilizing cartridges*

The Ross Root Feeder puts the fertilizer and water directly to the roots. Produces healthier and more vigorous growth. Especially fine for roses, shrubs and trees. You can fertilize and water at same time or you can just water. Needed all season. In the spring it is a quick booster for old and new plantings. In the summer insures food and water during dry spells. In the fall very necessary to put moisture down at the roots to prevent winter damage. Simple, easy to use, nothing to get out of order and lasts for years. For watering, just attach to hose. For fertilizing, place cartridge in the chamber, attach to hose and turn on the water. Push it into ground to desired depth. No water or fertilizer is wasted. Feeder puts it DOWN AMONG THE ROOTS WHERE IT IS NEEDED.

Keep a supply of cartridges on hand. Box of 12 for \$1.00 Postpaid

Regular cartridge (8-16-8) is used for most plants, shrubs, roses, trees.

Acid cartridge (10-20-20) is used for evergreens and acid loving plants like Azaleas, Blue Hydrangea, etc.

Beauty for all the Seasons

SCARLET MAPLE

PURPLE MAPLE (Schwedler's)

T5 This is one of America's finest shade and ornamental trees. Beautiful in spring, summer and fall. In the spring, the foliage is a rich reddish-purple. In the summer, it is a bronzy-green. In the fall, it is attractive golden-yellow. It is not a fast grower but the growth is so symmetrical and perfect that even a young tree has a commanding appearance. It is especially suitable as a specimen in the lawn and also makes a good tree for the parking. A permanent tree that lasts for many generations.

4 to 5 feet, Not Postpaid, **Each 2.00**

SCARLET MAPLE (Rubrum)

T10 In the fall, this is the most gorgeously colored tree in all America. The leaves are a brilliant rosy-scarlet (like fall sumac leaves), much brighter than pictured here. Now priced lower so thousands can plant them. In the spring, the tree is full of scarlet flowers followed by bright red seed. The spring and summer foliage is attractive, deep green above and blue-green below. Makes a large, shapely, long-lived tree that is not so dense but grass grows underneath. Very valuable for lawn and parking. Grows from the gulf to Minnesota.

Scarlet Maple

WHITE BIRCH

T8 **White Birch** in a new rare form, grown as a clump with three or more distinct trunks. It is the same as 3 trees with one root. It gives a naturalistic effect that is peculiarly attractive in the White Birch. After the tree has been planted for a year or two, the bark turns white and stays that way, summer and winter. It grows 25 to 30 feet tall. The green foliage colors an attractive yellow in the fall. You can easily imagine how beautiful it will look in your yard.

BLUE JUNIPER

E1 **Blue Juniper** (Patent No. 422)—A new evergreen that we consider the most outstanding variety introduced in the last 25 years. It is low growing like the Pfitzer's but the foliage has a beautiful silvery blue color that is impossible to reproduce on paper. The color is the brightest on the new growth and darkens somewhat on the inside. It is one of the few evergreens which will thrive over the entire United States, in the south as well as the north, east and west. Ideal for corners, for foundations, beside the walk, near the porch, any place you want a low growing Evergreen. It eventually reaches a height of 4 feet, and 6 to 8 feet wide. Postpaid.

15 to 18 inches, **Each 3.15, 2 for 5.75**

Beautiful Cherry Trees

T9 Kwanzan Japanese Flowering Cherry. Millions of visitors to Washington, D.C. have marveled at the beauty of the Japanese Flowering Cherries around the Tidal Basin as pictured here. Now you can have them in your own yard. Kwanzan, the variety we offer, in the early spring is completely covered with the double bright rosy-pink flowers. It makes a rather low-growing, spreading tree. With us the tree has gone through 21 below zero without damage. But we do not recommend planting it in extreme cold sections like northern Iowa, Minnesota, Dakotas, etc. These young trees which we send you will start blooming within a year or two after planting. They will grow in full sun or partial shade. We have just five thousand of these trees and we believe they will go fast at this special price.

2 to 3 feet, Postpaid, Each \$2.50

CRIMSON KING SPECIAL

9T27

1 Crimson King Maple

1 Kwanzan Flowering Cherry

Not Postpaid

CRIMSON KING Maple

T7 Crimson King Maple (Plant Patent No. 735). A remarkable new Maple tree that is unquestionably the best purple-leaved Maple ever introduced. It is a great improvement over the Schwedler's Purple Leaved Maple. In the spring the foliage is a much richer, deeper purple and moreover Crimson King carries this purple foliage right through the entire season until the leaves drop in the fall. It adds a touch of color to the landscape that makes a welcome change from the prevalent greens. This is the first time we have offered Crimson King and our supply is limited. These are one-year old trees, mostly not branched but they will start branching right after you have planted them. We believe this tree will become a sensational success. These trees are too large to ship by parcel post, so we ship by express not prepaid.

Two Great Roses

C58 Peace (Plant Patent No. 591)—Won the All America Rose Award for 1946 with the highest score ever given a new rose. It is a vigorous, healthy grower with shining dark green foliage. No picture can do justice to this truly great rose. The perfect buds slowly open into large, fully double fragrant flowers. Its greatest charm is the changing panorama of colors. At first the buds are a rich gold edged cerise. As the outer petals unfold the gold changes to canary then lightens to creamy ivory. The cerise edge gradually deepens and becomes broader so the fully open flower appears a sparkling cerise with a creamy-yellow base. The flowers last a long time and are beautiful

at all stages. Postpaid. **Each \$2.00, 3 for \$5.00, 12 for \$20.00, Extra Large Specimen Plants, Each \$2.50, 3 for \$6.25**

All American

The All America Rose Selection Award is the highest honor a rose can win in the United States. There are a number of rose test gardens in different sections. Experts watch the new roses carefully. They meet and compare

C69 Rubaiyat (Plant Patent No. 758)—This fine rose was the only one to win the All America Rose Award in 1947. The plant is a strong, sturdy, very-healthy grower. It is an exceedingly free-bloomer with luxuriant, deep green foliage. The cerise-red flowers have the delightful old rose fragrance. Long shapely buds open slowly into large flowers on long stems. It is a magnificent garden rose and excellent for cutting. This rose will live for years. Postpaid. **Each \$1.50, 3 for \$3.75**

Extra Large Specimen Plants, Each \$1.75, 3 for \$4.50

C29 Diamond Jubilee (Plant Patent Applied For)—This grand rose won top honors in the 1948 All-America Rose Awards. The large, fragrant flowers of warm buff-orange are fully double, high centered. They last unusually long both on the bush and when cut. Very strong, healthy grower and free-bloomer. Postpaid. **Each \$2.00, 3 for \$5.00**

Extra Large Specimen Plants, Each \$2.25, 3 for \$5.75

C10 Charlotte Armstrong (Plant Patent No. 455)—This fine rose is making a remarkable record. It not only won the A A R S Award, but also the John Cook Medal for being the best new American rose since 1935 and in 1944 won the Gertrude Hubbell Gold Medal for being the best American rose in the previous five years. Lovely long streamlined buds open to enchanting full-blown flowers. No picture can do the color justice. The buds are carmine and the open flowers cerise, beautiful at all stages. Long stems fine for cutting. One of the world's finest roses. Postpaid. **Each \$1.50, 3 for \$3.75**

Award Winners

notes and any rose which has proven to be superior is given an award. Every rose on pages 39, 40 and 41 has won this merited honor, excepting Crimson Glory and it was introduced before the award system was originated.

C18 Lowell Thomas (Plant Patent No. 595)—We do not know of any finer pure clear yellow rose. The flowers come singly on long stems, extra fine for cutting. The perfectly formed buds open into charming double, large flowers which retain their color unusually well and have an elusive delicate fragrance. Exquisite in a bouquet and a charming color spot in the rose garden. Postpaid. **Each \$1.50, 3 for \$3.75, 12 for \$15.00**

Extra Large Specimen Plants, Each \$1.75, 3 for \$4.50

C57 Nocturne (Plant Patent No. 713)—An All America Rose Award winner for 1948. Fragrant flowers of cardinal-red shaded crimson. The long perfect buds open into large flowers, richly textured. Postpaid. **Each \$2.00**

C15 Mme. Chiang Kai-Shek (Plant Patent No. 664)—One of the most perfect roses with truly magnificent buds and a double rose of 35 petals when fully open. Very long stems fine for cutting. The buds are a light canary yellow. As the petals gracefully unfold, the outer petals become a rich ivory with center petals light yellow. Has a subtle, enchanting fragrance. Postpaid. **Each \$1.50, 3 for \$3.75**

C50 Mirandy (Plant Patent No. 632)—This great rose takes its place with the finest red roses of the world. The color is a rich dark red, a few shades lighter than Crimson Glory, an entirely different color. It has a rich, full-bodied true rose fragrance, one of the most fragrant of all roses. The large buds open into immense fully double flowers with 50 petals and last a long time. Blooms singly on long stems. The plants are very vigorous with luxuriant deep green foliage. Thrives in all rose sections excepting the cool foggy areas on the Pacific Coast. Postpaid. **Each \$1.50, 3 for \$3.75**

Extra Large Specimen Plants, Each \$1.75, 3 for \$4.50

C14 Heart's Desire (Plant Patent No. 501)—This is a particular favorite because of its delightful fragrance. A small bouquet will perfume a room, and the bright yet soft crimson-scarlet is such a pleasing color. The buds are perfect, pointed and open into large graceful double flowers. The blooms come on long stems fine for cutting. The plant is a hardy, healthy, vigorous grower. Postpaid. **Each \$1.50, 3 for \$3.75**

Mrs. P. S. DuPont

Inter-State's Famous Gold Medal Collection

AMERICA'S FINEST EVER-BLOOMING ROSES

Free-Blooming • Fragrant • Gorgeous Colors • Hardy

Christopher Stone, unfading scarlet.

Mme. Joseph Perraud, buff-orange.

Contrast, vivid cerise and white.

Etoile de Hollande, velvety crimson.

McGredy's Yellow, pure clear yellow.

Duquesa de Penaranda, apricot.

The Doctor, sparkling bright pink.

McGredy's Ivory, magnificent white.

Picture, lovely rose-pink.

Mrs. P. S. DuPont, golden yellow.

Tens of thousands of homes from coast to coast have been made happier by planting our featured Gold Medal Collection of Roses. We are very careful to include only those roses that are the hardiest, the freest blooming, vigorous growers and fragrant, each one a leader in its color. Planted early this spring these roses will start to bloom in 8 weeks or so and continue till frost, year after year. Fully described on pages 50 and 51. Postpaid.

Glorious Floribundas

Bloom June to Frost—Remarkably Hardy

These are becoming increasingly popular because the plants are hardy, disease-resistant, vigorous and bloom so freely from spring to frost. Put in groups, beds or borders, 15 to 18 inches apart.

- C93 **Dagmar Spath**—Our finest white. 24 inches tall.
- C90 **Else Poulsen**—Favorite bright pink. 30 to 36 inches.
- C92 **Improved Lafayette**—Popular cherry-red. 30 to 36 inches.
- C88 **Lipstick**—Brilliant orange-red. 36 to 40 inches.
- C100 **Mrs. R. M. Finch**—Apple-blossom pink. 24 inches.
- C91 **Pink Gruss an Aachen**—Exquisite orchid-pink. 20 inches.

INTER-STATE

Tree Roses

Standard or Tree-shaped roses are grown by budding the variety of rose desired to a tall stem at a height of 36 to 40 inches from the ground, forming a bushy head at the top of this stem. Many rose varieties produce even more blooms when grown in this way than an ordinary bush, and the individual flowers are frequently larger and more brilliantly colored. They bloom from spring to frost. Tree roses are very effective in the garden, emphasizing corners and giving that much desired height. However, they must be protected over winter. Most people just bend them over carefully until the stem and top are parallel to the ground. Then put boards along the side and protect with dirt, or where temperature does not go below zero, leaves mixed with straw, grass or wild hay will do. We have selected those roses which have been found to be the freest blooming and best adapted as a tree rose.

EVERBLOOMING BABY ROSES

These are not tree roses but are Polyantha Baby Roses ideal for borders and also solid beds. Bloom constantly from spring to freezing. They grow only 15 to 18 inches tall and are hardy, require but little care. Plant 12 to 15 inches apart.

C96 Chatillon—Very fine low-growing pink with enormous heads of vivid pink flowers all through the season. You will want more after you see it bloom.

C97 Gloria Mundi—Huge clusters of brilliant orange-scarlet flowers, extremely double, cover the bushy plant all season. This variety will be a bright spot in your garden.

C98 Sparkler—The popular low-growing red baby rose. It is always full of bright crimson flowers. A solid bed or border is beautiful all season. Plant a group in a corner of your shrubs for constant color.

C99 White Baby—This is excellent for those who want a white, low-growing Polyantha that blooms very freely all season.

EVERBLOOMING
Dr. J.H. Nicolas
CLIMBING ROSE

(Plant Patent No. 457)

C165 From late spring until hard frosts, this remarkable new rose produces its fully double, deep rose-pink flowers. The blooms are large, 50 to 60 petals and are very fragrant. They come on long stems fine for cutting. Grows 8 to 10 feet tall, very fine as a pillar. Hardy as Paul's Scarlet and disease resistant. It is an outstanding variety that we predict will become very popular. Postpaid.

Each \$1.50, 3 for \$3.75, 12 for \$15.00

City of York

C156 A magnificent new white climbing rose. In the late spring and early summer, over a long period, the vigorous plant is almost covered with hundreds of 3-inch, semi-double to double white flowers, so fragrant that they perfume the whole area. During the summer and fall there is some recurrent bloom. It is a strong grower, hardy as Paul's Scarlet and has healthy, deep green, glossy foliage which sparkles in the sunlight.

Each \$1.50, 3 for \$3.75, 12 for \$15.00 Postpaid.

Blaze

C155 (Plant Patent No. 10). Clusters of brilliant scarlet cover the plant in June and repeat intermittently all season. Holds this bright color in the hottest sun. An ideal pillar rose. Plant in good soil as the more it grows, the more it blooms. Take off only actual flowers when trimming after first blooming since new bloom-shoots grow from the first eye below the old flower cluster.

Each \$1.50, 3 for \$3.75, 12 for \$15.00 Postpaid.

But in this Color Special, instead of buying them by name, you buy them by color AT A SPECIAL LOW PRICE. You will have beautiful, fragrant roses, and lots of them, this summer and many summers to come.

INTER-STATE'S

Climbing Roses

For mass display of color, hardly anything can equal climbing roses in full bloom. Used on porches, arbors, trellises and trailing over fences. All these climbers are hardy, but we recommend that winter protection be given in cold sections. Set 3 to 4 feet apart. All climbing roses are postpaid.

C152 NEW DAWN (Patent No. 1)—This is the first Everblooming Climbing Rose, and also the first plant that was issued a patent. No other climber will produce as many flowers constantly from late spring to frosts. The flowers are large, a lovely apple-blossom pink, delightfully fragrant. They come on long stems, ideal for cutting. It is hardy. Any day in summer you can go out and find flowers. **Each \$2.00**

Ra-Pid-Gro used every 3 or 4 weeks during the summer is fine for roses. See page 33.

C160 Climbing American Beauty—An old favorite with many thousands of friends. The entire plant, from top to bottom, is full of large, fragrant, double, deep rosy-pink flowers. Fine for cutting as they come on long stems. **Each 90c, 3 for \$2.50**

RAMBLER SPECIAL

- 1 Excelsa**, red
- 1 Gardenia**, yellow
- 1 Dr. Van Fleet**, pink
- 1 White Dorothy**, white

9C172

All **4 for \$1.75**

C154 Coral Pillar—Originated by Dr. W. E. Lammerts, this new rose is an ideal pillar. The flowers are large, a brilliant blending of rose, pink, carmine, gold and apricot. It is hardly ever out of bloom from spring to frost. **Each \$1.50**

C157 Dr. W. Van Fleet—Very vigorous grower with large, double, fragrant light pink flowers on long stems, ideal for cutting. Even one plant will produce hundreds of blooms, when full grown. **Each 75c, 3 for \$2.00**

C159 Dr. Huey—It produces strong canes, 8 to 10 feet long, that are completely covered with the richest, darkest crimson-maroon flowers. We have never yet talked with anyone who did not like it. A big plant, in full bloom, is truly a magnificent sight. It is an ideal pillar rose.

Each 90c, 3 for \$2.50

C148 Excelsa—Bright crimson flowers in large clusters. Another old favorite that does well everywhere.

Each 65c, 3 for \$1.65

C147 Gardenia—Vigorous climber with handsome glossy foliage and rather large, pale creamy yellow buds and blooms of delicate ivory, deeper yellow in the center.

Each 65c, 3 for \$1.65

C161 Paul's Scarlet—This famous rose is the most popular red climbing rose ever introduced. A mature plant in full bloom is a sight that simply stops everybody who passes by. It is a solid sheet of blazing scarlet. The color does not fade but is as bright when last petals fall as when it opened. The flowers come in clusters on long stems. Plant them on a trellis or porch. A row of them along the fence will be the talk of the town.

Each 90c, 3 for \$2.50

PAUL'S SCARLET SPECIAL

- 1 Paul's Scarlet**, red
- 1 Silver Moon**, white
- 1 Climbing American Beauty**, rose

9C171

All **3 for \$2.00**

C163 Silver Moon—Many think this the most lovely white climbing rose in existence. It is a strong grower. The flowers are large, semi-double, a soft white with just a faint ivory tinge and golden stamens in the center. **Each 75c, 3 for \$2.00**

C146 White Dorothy—Great clusters of double white flowers. Easy to grow everywhere. **Each 65c, 3 for \$1.65**

C166 Zephirine Drouhin—Hardy, very vigorous climber covered with large, very fragrant vivid pink flowers in the spring and sparingly in the fall. Thornless. Very fine. Ideal for Porch, Arbor, Pergola or Fence. **Each \$1.00**

Roses

 for beauty of flowers
 for vigorous growth

Famous Everblooming Roses

The Rose is rightfully called the Queen of All Flowers. None other can equal its fragrance, its colorful beauty, its grace, its freedom of bloom from spring to frost—each flower bringing its message of joy, cheer and beauty.

Can you think of another hobby that will provide more pleasure and more beauty for you than growing roses? There is a thrill when you walk into a rose garden and smell the delightful fragrance of the beautiful flowers.

Each year many thousands buy from this fascinating selection of glorious, hardy, ever-blooming roses. They will commence blooming 7 to 8 weeks after planting. PLANT ROSES EARLY, around the time when people are putting in early gardens. Plant 15 to 20 inches apart. With each order we send Planting Instructions telling you how to plant and care for your roses.

These are all strictly first quality, hardy, field-grown plants. This season they are exceptionally fine, vigorous and husky. Some prefer to plant extra heavy bushes so we are making a special grade selecting the extra large, specimen plants, extra well-branched with extra strong root system. We also assure you that our regular 2-Year No. One grade will satisfy critical buyers. They are the kind which have made Inter-State roses famous all over America. The Standard 2-Year Medium (No. 1½ grade) Plants are smaller than the 2-Year No. 1. They will bloom this summer and are a very good value.

Postpaid prices on all roses on pages 50 and 51

C22 Christopher Stone—A most exciting new rose—a brilliant, sparkling scarlet-crimson without a trace of blue. Shapely long pointed buds open into large attractive flowers with the true old damask rose fragrance. A healthy, vigorous grower and exceedingly free-bloomer. Stands lots of heat. Generally considered the best bright red rose. Pictured on page 42.

C21 Condesa de Sastago—large, fragrant flowers of fiery copper-red inside and rich yellow outside. Strong, healthy, vigorous grower and free bloomer. It is one of the great roses of all time.

C20 Caledonia—Long buds open into double, high-centered flowers of ivory changing to pure white. Come singly on long stems. Delicate fragrance.

C23 Contrast—A strikingly beautiful two-tone rose, the inside of the petal is cerise-rose with a brightening touch of orange, and the outside is satiny white. The flowers are very full and double, fragrant and produced abundantly throughout the entire season. Fine in the garden and for cutting. It is a hardy, husky, vigorous grower, a rose that "can'take it." Pictured on page 42.

C25 Duquesa de Penaranda—A most intriguing color of orange-apricot, with deeper coppery tones, large pointed buds, sweetly perfumed and long lasting. A tall, strong grower with beautiful light green shiny foliage. One of the first varieties to bloom in the spring. Pictured on page 43.

C27 Editor McFarland—All through the season, the lovely fragrant, glowing pink flowers are produced on long, strong stems, fine for cutting. The buds are perfect. We consider this one of the finest pink roses ever introduced.

C28 E. G. Hill—Large flowers of very lasting dazzling scarlet-crimson, never fading or turning blue, but actually becoming deeper red as they open. The flowers are borne on long stems and are very fragrant. Its brilliant color, extra freedom of bloom and lasting color qualities have made it so popular.

C26 Edith Nellie Perkins—One of the finest of all roses. The long, pointed buds come on long stems and open into perfect flowers of orange-cerise and salmon tinged gold inside. Fragrant. Grows vigorously and blooms freely.

C30 Etoile de Hollande—The perfect buds open beautifully into glorious perfect flowers of velvety crimson. Incomparable fragrance. The bush is strong, free branching and healthy. Fine for cutting. Pictured on page 42.

C34 Frau Karl Drusckie—The magnificent white rose that is loved by all. Immense long, pointed buds open into graceful flowers that are unsurpassed for form and the color is the clearest, pure white. Perfectly hardy. Such a vigorous grower you should plant them farther apart.

C35 Glowing Carmine—Large, fully double fragrant flowers of the most beautiful shade of rich carmine. Freely produced on long stems. Long-lasting. Healthy, vigorous grower.

C36 Golden Dawn—This lovely rose has taken the entire world by storm. The gorgeous buds of yellow have splashes of carmine and open into large, fragrant flowers of rich yellow. Hardy, vigorous, free-blooming. Pictured on page 38.

C37 Golden Rapture—Exceedingly fine new rose with fragrant flowers of clear golden yellow. Exquisite buds on long stems, fine for cutting as they last so long.

C44 K. A. Victoria—Absolutely perfect, fragrant flowers of ivory-white. An old favorite that even today has not been surpassed.

C46 Margaret McGredy—At first the color is a bright orange-scarlet that lightens to a rich carmine and is beautiful at all times. A healthy, vigorous grower that is always in bloom.

C47 McGredy's Ivory—A magnificent creamy-white rose that is fragrant and deep-petaled. Buds are long pointed, opening into very large, double flowers. Many consider it the finest white rose. Pictured on page 43.

C48 McGredy's Scarlet—A wonderful rose, beautiful in the garden and fine for cutting. The large, perfect flowers of luminous carmine-red are produced generously from spring until frost. Should be in every rose garden.

C49 McGredy's Yellow—This is our favorite yellow rose. The color is so soft and clear and pure. The flower has a charm and grace all its own and entirely distinct. A strong grower and free bloomer. Pictured on page 42.

C51 Mme. Joseph Perraud—This outstanding rose is pictured on page 42. A wonderful exhibition and garden rose. The long slender buds open into fragrant full flowers of nasturtium buff flushed orange. Very vigorous. Large, glossy foliage.

C52 Mme. Jules Bouche—A very fine white garden rose. The sweetly scented blooms are produced very freely all season and last a long time when cut.

C54 Mrs. E. P. Thom—A grand rose of unfading, clear yellow. Strong growing and free-blooming, it has made good all over America.

C55 Mrs. P. S. Dupont—From early summer until freezing this rose is a glorious sight with its rich yellow flowers. Long pointed buds, fragrant, profuse bloomer. It was the favorite yellow rose in our World's Fair Rose Garden in Chicago. Pictured on page 43.

C59 Picture—We consider this one of the very finest pink roses in existence, a clear pink with just a trace of salmon to give it a warm glow. Delightfully fragrant. The blooms are perfect in bud and when open. Very vigorous plant which blooms continuously. Pictured on page 43.

C60 Pink Dawn—A new rose. Fine for gardening and cutting. Buds are lovely, and open into large, fully double flowers of clear, purest pink. Extremely fragrant. A vigorous grower, hardy and free-blooming.

C62 Poinsettia—This free-blooming rose brings to you the brilliance, the glowing red color of the Christmas Poinsettia. Long pointed buds, ideally formed, fine for cutting.

C64 Pres. Hoover—A glorious combination of cerise-toned orange, scarlet and yellow. Richly perfumed, long stemmed and free-blooming. One of the most beautiful roses ever introduced.

C66 Radiance, Pink—The great American pink rose, planted everywhere because it has made good all over America. The fragrant flowers are produced abundantly all season.

C67 Radiance, Red—This is one of America's great red roses. Vigorous grower, hardy, healthy, free-blooming, with a true rose fragrance.

INTER-STATE ROSE DUST

AN EXCELLENT DUST FOR ROSES

Convenient to Use
Effective in Results
Economical in Price

This Rose Dust contains the necessary chemicals for the control of fungus diseases such as Black Spot and Mildew, also aphids and leaf eaters. It is very easy to use as it comes in a handy dust gun ready to use, no mixing, no fuss, no bother. Clean, healthy foliage is essential to grow good roses, also other plants. We suggest that you follow a regular dusting schedule, starting early just as soon as the plants are fully leafed out. Dust often, dust regularly and dust thoroughly, keeping the plants healthy. You will be astonished at how much better a healthy plant blooms. Complete instructions on every package. Guaranteed satisfactory or money refunded.

Though this dust is primarily intended for Roses, it is also effective on other plants.

**K150 2½ Pounds Dust and
Duster postpaid for \$1.50**

**K151 3 Pounds Dust
postpaid for \$1.50**

C73 Sir Henry Seagrave—The long pointed buds open into large, perfectly formed double flowers with high center. They are very fragrant and the color is a pleasing light primrose-yellow. These are exhibition blooms.

C72 Soeur (Sister) Therese—One of the best yellow roses. The flowers are a bright yellow with some petals edged carmine. The fragrant blooms come almost in candelabra effect. A healthy, vigorous, free-blooming bush.

C75 Talisman—A glorious combination of orange-yellow and rose-red. The buds are long pointed, flower is double, high centered. The fragrant flowers are freely produced all season and are especially fine for cutting as they come on long stems. The fall bloom is exceptionally gorgeous.

C77 The Doctor—This is considered by many to be the most beautifully colored of all roses. Mr. Fred Howard, the greatest living American rose hybridizer considers it to be one of his greatest achievements. The long, pointed buds open into simply enormous, yet graceful blooms, so fragrant that you can detect them many yards away. It is a pink with a life, an iridescence, a sheen that is beyond description. Each flower is so perfect, so gorgeous, that you will consider it almost priceless. It is far more beautiful than pictured on page 43.

Inter-State's Glads

DOUBLY GUARANTEED

We guarantee our Gladiolus bulbs to please you when you get them, ALSO WHEN THEY BLOOM. When you receive the bulbs, if you are not satisfied, return just one-half of them and we will refund all the money you paid us for all of them. Also when they bloom, if you are not delighted you may select from our catalog, without cost, anything you wish equal to the amount you paid us for the Glads. We take great care in selecting our varieties and list only the better, finer kinds. That is why we sell them by the millions, with countless thousands of satisfied customers from coast to coast.

We offer 3 sizes of bulbs. The Jumbo bulbs are $1\frac{3}{4}$ to 3 inches across, the Large are $1\frac{1}{4}$ to $1\frac{3}{4}$ inches across, the Medium are 1 to $1\frac{1}{4}$ inches across. All will bloom gorgeously, the larger bulbs producing bigger spikes. Plant 5 to 6 inches deep, 6 to 9 inches apart. Make several plantings, 2 weeks apart and you will have flowers for weeks. ALL GLADS ARE POSTPAID.

GLAD VARIETIES

G72 Robinson Crusoe—This is the most unusual colored gladiolus we have ever seen. It is a creation of that wizard of new glads and peonies, Mr. E. H. Lins. Everyone who saw it at our place last summer simply fell in love with it. The flowers are very large, beautifully ruffled, with 6 to 8 flowers open at once on a tall massive spike. No other glad in the world like it. The basic color is tan, heavily marbled with rosy-chocolate. The most unique Glad ever created, it is a sensation. We have only a few hundred for sale. See page 55.

Large..... Each \$1.00
Medium..... Each .75

G70 Rosa Van Lima—This is another variety that everybody wants when they see it. Beautiful in the garden and especially fine for cutting. Large flowers on tall straight stems. The color is a pure, clear pink of such loveliness as is seldom seen. See page 58.

3 for 6 for 12 for 25 for

Large.... 25c 45c 75c 1.35
Medium.. 15c 25c 45c .75

G66 Royal Robes—We will never forget the first time we saw this blooming in the garden of Mr. E. H. Lins, the originator. The color is so different from other reds, rich and deep yet not muddy or black. Beautifully ruffled, wide open flowers, perfect placement. Dr. Cason of Tennessee, a famous glad authority, reports that it was exceptionally fine for him. Florists love it; you will too. The richest red we grow. Large, Each \$1.50, 3 for \$3.75

G71 Ruffled Beauty—One of the very best yellows. The flowers are ruffled and color is an even, clear, pure yellow.

G84 White Gold—When this blooms in your garden, you will call over the neighbors. The size is huge, the color is a satiny cream shading to gold. It has certainly created a sensation since its introduction. We think every Glad we list is beautiful but here is one that not only is beautiful, it is impressive, it is amazing, it is astonishing. The picture on page 57 gives but a glimpse of its true appearance.

Giant Glad Collection

Giant Bulbs—Giant Flowers—Giant Spikes

This season our Glads are exceptionally large and fine. So for this collection we have selected Extra Large Bulbs, 3 times as large as the ordinary large bulb. They will produce immense spikes of largest size flowers. We will include a mixture of many of our finest kinds with colors to rival the rainbow, from white to almost black, purple, blue, lavender, apricot, salmon, rose, pink, orange, white, yellow, scarlet, crimson and beautiful blends. Plant them 7 inches deep and 8 to 9 inches apart. Your reward will be amazing. Postpaid.

9G114 15 Jumbo Bulbs for \$1.00

9G115 50 Jumbo Bulbs for 2.95

9G116 100 Jumbo Bulbs for 5.75

Each of these five superb Glads is the finest of its color. As the supply becomes available, they will be grown by the millions. Large flowers 4 to 6 inches across. Described on pages 52, 53, and 54. POSTPAID.

Grow Prize Dahlias

GIANT DAHLIAS

You who delight in raising huge Dahlia blooms, will want these. They are three of America's outstanding Dahlias. Give them a little attention and you can grow flowers as large as dinner plates. They are real Blue Ribbon Winners.

B28 **Darcy Sainsbury**—Immense blooms of glistening snow-white on cane-like stems. A real champion and one of the very best whites. **Each \$1.00**

B15 **Mrs. George Le Boutillier**—Here is one everybody likes, especially the men. Giant 10 inch flowers of rich crimson. Without doubt the greatest of all reds. **Each 50c**

B20 **Thomas A. Edison**—In nature royal purple is a rare color. Here is a Dahlia with large flowers of rich velvety royal purple on strong stems. **Each 65c**

GIANT SPECIAL

9B29 Two Each Above 3 Dahlias for **\$2.75**
9B30 One Each Above 3 Dahlias for **\$1.65**

Mixed Collection

These Dahlias, all different, are not labeled. If you want beautiful flowers and do not care to know the names (many will recognize choice varieties), this is a very good offer. We include many kinds of which we do not have enough to list, many very fine.

9B31 5 for **\$1.00** Postpaid

Button Dahlias

These Button (Pompon) Dahlias have small flowers $1\frac{1}{2}$ inches across, perfect in form. Produced continuously for many weeks. Beautiful in the garden, fine for cutting. You will like the rich, glowing colors. The bulbs are smaller than the larger flowered varieties but it is astonishing how freely they bloom.

9B4 MIXED COLORS, Postpaid
Each 30c, 4 for \$1.00

Dahlias are the largest and most beautifully colored of all the late summer and fall flowers. Easy to grow, we send simple planting instructions with every order. For exhibition, nip off the side branches allowing only a few main stems to grow. For lots of flowers, nip the ends of the main shoots when only a foot or so tall, making them branch. A young, small to medium-size bulb will do much better than a large, sappy, over-grown bulb. Even though Dahlias are planted late, we suggest that you order them early. They will keep perfectly in a moderately cool place, until planting time. ALL DAHLIAS ARE POSTPAID.

POPULAR DAHLIAS

These fine varieties have helped make Dahlias so popular in millions of gardens all over America. In fact, these are today the most popular kinds and they well deserve to be because of their large, beautiful flowers which are produced so abundantly.

B6 **Avalon**—Perfect flowers of rich yellow **Each 40c**

B10 **Jane Cowl**—America's favorite, with its large flowers of bronzy buff shaded salmon **Each 50c**

B11 **Jersey Beacon**—Large flowers of vivid Chinese scarlet **Each 40c**

B12 **Jersey Beauty**—Most popular pink **Each 40c**

B16 **Mrs. Warner**—Most popular lavender **Each 40c**

B13 **White Wonder**—Very large white **Each 40c**

POPULAR SPECIAL

9B33 Two Each Above 6 Dahlias for **\$3.15**
9B32 One Each Above 6 Dahlias for **\$1.75**

These are also called Ball Dahlias. They are small, 2 to 3 inches across. Tremendous bloomers, from early in the season to frost. The flowers come singly on long stems, attractive in the garden and especially fine for cutting. Every day, in season, you can cut a bouquet. The colors are so clean, bright and cheerful, and blend beautifully. Plant them freely, you will be richly rewarded.

INTER-STATE PEONIES

Here are listed some of America's finest peonies, offered at a very special price. We are going to try something new, YOU MAKE UP YOUR OWN COLLECTION. Select exactly what you want. These are our regular 3-5 eye plants which we believe are the finest grown. Plant them in a sunny spot, 3 to 4 feet apart, covering the eyes with $1\frac{1}{2}$ to 2 inches of soil. Our Special Peony List sent free on request. All Peonies are Postpaid.

Any 3 Peonies listed on this page for \$2.35

Alike or assorted, your choice

P 638 **Golden Dawn**—Rates 8.43. Mid-season. Large flowers of lemon yellow.
Each \$1.00

P 635 **Frances Willard**—Rates 9.1 Late midseason. Very large, perfectly formed flowers, open blush changing to pure snow-white with a few faint red lines. One of the best whites.
Each \$1.00

P 647 **John M. Good**—Rates 8.89. Mid-season. Very prolific bloomer, the flowers completely cover the bush so you cannot see the foliage. The blooms are white and the petals are narrower than many, giving the flower a very graceful appearance.
Each \$1.00

P 661 **Marietta Sisson**—Rates 9.02. Early. The first pink to bloom in our fields. Very large flowers of glowing pink, completely cover the plant.
Each \$1.00

P 662 **Martha Bullock**—Rates 9.1. Late. Gigantic cup-shaped blooms often 10 inches across. The color is soft rose with outer petals shading to shell-pink.
Each \$1.25

P 664 **Mme. Jules Dessert**—Rates 9.4. Midseason. Large imbricated flowers of white overlaid a delicate pink and buff. One of the super-fine varieties. **Each \$1.25**

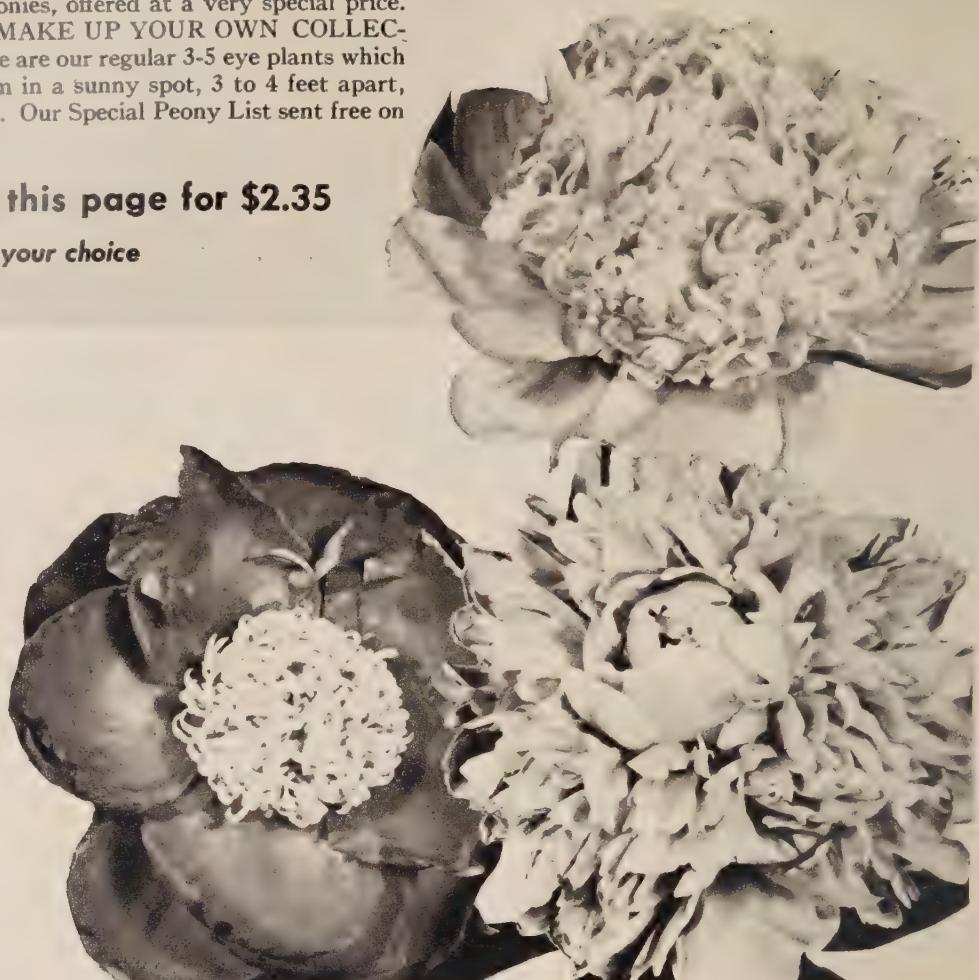

P 669 **Mons Jules Elie**. Rates 9.2. Early. This grand peony resembles a giant mum with its huge, rounded flowers of glossy pink with a pearly lustre. No peony garden complete without it. It never fails to produce its fine immense flowers.
Each \$1.00

P 665 **Mons. M. Cahusac**. Rates 8.8. Midseason. Darkest of all, a deep maroon with black reflex.
Each \$1.00

P 671 **Mrs. Deane Funk**. Rates 9.05. Early midseason. A scarce and very fine light pink. Extremely free bloomer.
Each \$1.50

P 677 **Richard Carvel**—Rates 8.8. Early. Bright crimson, we consider this the best early red.
Each \$1.00

P 686 **Solange**—Rates 9.27. Late. At its best without a peer. Big, very double, almost globe-shaped blooms of rich creamy-white suffused buff and delicate pink.
Each \$1.25

P 648 **Helen**. Rates 8.88. Early. This is the only single-flowered variety on this page. Very free-blooming, the lovely pink flowers, with bright yellow centers, completely cover the bush. Tall stems. Lovely in the garden and especially fine for cutting.
Each \$2.00

P 693 **Walter Faxon**. Rates 9.3. Mid-season. If you plant but one peony, then choose this. It is one of the greatest of all time. No other peony has the same bright, luminous salmon-pink. A profuse bloomer each season. We are proud to sell it, you will be proud to have it. **Each \$1.25**

INTER-STATE'S GIANT PEONIES

Seldom do you get an opportunity to buy Peonies as fine as these at such a low price. We grow almost 400 different varieties, just a few dozen of some and hundreds of many others. We simply do not have the room to list and describe all of them. So we are separating them into Red, Pink and White, sending you one of each color for only \$1.50, postpaid. If sold by name, these very same Peonies are priced as high as \$1.50 each. All have big, double flowers, up to 8 inches across. Easy to grow in ordinary garden soil. They come up year after year, even in the very coldest states, producing more and more of the beautiful flowers.

Inter-States Hardy Perennials for Shady Spots

Lily-of-the-Valley

P193 Everybody loves these delightfully fragrant white flowers. They thrive in full shade on the north side of your home against the wall where few plants will live. They also do just as well right out in the full sun. We send you clumps of 5 to 7 Pips which will bloom this season and increase in beauty each year.

Postpaid, 3 Clumps for \$1.00, Each 40c

P192 **Parson's Giant Lily-of-the-Valley**—This is a rather rare strain coming originally from Sweden. It is a very prolific bloomer with larger bells on taller stems. The fragrant white flowers are followed by small orange-red berries. Thrives in the shade where few other plants will live. Our supply of these is limited. We send you clumps of 6 to 8 pips.

Postpaid 3 Clumps for \$1.50, Each 60c

P191 **Hamburg Double Lily of the Valley**—This has two and three rows of petals instead of the usual single row. Also the tips of the outer petals have a small rosy-red spot giving a distinctive and attractive appearance. Very fragrant, good stems for cutting and free-blooming. Our stock is very limited. We send clumps of 5 to 7 pips.

Postpaid, Each \$1.50

Fancy-leaved Caladium

B59 For a continuous foliage display from late spring to frost, no other plant equals these. They are easy to grow, thrive in partial, almost full shade. In the fall before freezing weather dig and store them like cannas. Or you can pot them for winter bloom indoors. This is a fine mixture with leaves of many different colors.

Postpaid 3 for \$1.00, Each 40c

HARDY FERNS

Many ask us "What can I plant in shady places?" Among the very best, are these Hardy Ferns. They thrive in the shade. That is their natural home. Perfectly hardy, they come up year after year.

P120 **American Maidenhair**—Fine on north side. Grows a foot tall.

P121 **Hayscented**—Grows in semi-sunny places as well as shade. 12 to 18 inches tall.

P122 **Interrupted**—Good for foundation planting in shade or part-shade. 2 to 4 feet tall.

P123 **Lady**—Pictured. Likes the shade. 1 to 2 feet tall.

P124 **Ostrich Plume**—Especially fine for a shady, rather moist spot. 2 to 4 feet tall.

YOUR CHOICE ABOVE FERNS POSTPAID

Lady Fern, below

TUBEROSE, Sweet Scented

B299 Flower spikes 30 to 36 inches tall, with very fragrant, waxy-white flowers from July to frost. Very fine cut flower as a single spike will perfume a room. Often 20 or more flowers on a single plant. Grows in full sun or part shade. Plant the bulbs outdoors after all danger of frost is over and the ground has become warm, covering with 2 inches of soil. For earlier blooms, you can start them indoors in pots and transplant outdoors when danger of frost has passed. They are attractive in the border and excellent for cutting.

No. 1 Bulbs, Postpaid

4 for 50c, 10 for \$1.00

Bleeding Heart

P58 Bleeding Heart—A favorite in Grandmother's garden half a century ago, it is equally popular today. Grows 2 feet tall. Thrives in partial shade, but will grow in full sun. Attractive foliage. Graceful heart-shaped pink flowers in April-May. The plant becomes larger, more beautiful, each passing year. Postpaid.

Each 60c

P260 Veronica, Longifolia Subsessilis—A difficult name but it is one of the handsomest blue-flowering plants. It grows about 2 feet tall and the deep blue flowers are produced July almost to frost. Good for cutting and a gem in the garden.

Postpaid, 3 for \$1.00, Each 40c

See Page 3 for Premiums

HARDY CARNATIONS

P76 These are becoming popular because they are not only lovely in the garden but are fine for cutting. The flowers are very fragrant and come on long stems. Bloom freely in early summer and at intervals thereafter. Grow 18 to 20 inches tall. They are hardy but in cold sections, we recommend a light winter mulch to prevent alternate freezing and thawing. Postpaid.

Hardy Carnations

Pyrethrum

Plumbago

INTERSTATE'S HARDY PERENNIALS FOR LASTING BEAUTY

P241 Pyrethrum (Painted Daisy)—This is the superb Robinson strain, the finest we know. The flowers are larger and brighter colored, the most gorgeous reds, fine pinks and pure whites, all mixed to blend beautifully. Long stems fine for cutting. Blooms profusely in the spring and early summer. Grows about 24 inches tall. We are making a very special price so that you can plant them freely. Postpaid.

12 for \$1.85, 6 for \$1.00, 3 for 60c

P293 Violet, Hardy White—This variety winters perfectly with us without any protection. A vigorous grower that produces in the early spring an abundance of the fragrant large white flowers. Has long stems fine for cutting. Thrives in shade or sun equally well. The foliage is so heavy that it makes a fine border plant, 6 inches tall, even when not in bloom.

Postpaid, 3 for \$1.25, Each 50c

PLUMBAGO

A strikingly beautiful blue flower

P239 Visitors to our nurseries always ask us the name of this plant as they see the long rows across the field. The open flowers are a rich blue, the tiny buds a bronzy-red, giving the entire plant a beautiful and unusual appearance. It is always in bloom from July almost to frost. For an edging plant or a low-growing (it grows only 6 to 8 inches tall) solid bed, it simply cannot be beat. Postpaid. **3 for \$1.00, Each 40c**

HOLLYHOCKS

FOR A COLORFUL BACKGROUND

This is a magnificent strain with fully double flowers of exquisite colors. They are becoming more and more popular as people are finding out how attractive they are. Growing 4 to 5 feet tall, they are very useful in the background of the perennial plantings. Postpaid.

Platycodon, (Balloon Flower)

Dianthus, Little Joe

Shasta Daisy, Fringed

P224 Platycodon (Balloon Flower)—A very satisfactory hardy perennial. Large, showy, deep blue, bell-shaped flowers are produced all summer. Grows 18 to 24 inches tall.

Postpaid, 4 for \$1.00, Each 35c

P63 Campanula Rotundifolia—This is the real Blue Bells of Scotland or sometimes called Harebells. Makes a neat plant hardly a foot tall. The clear blue flowers are produced from late spring into mid-summer. Does well in part shade. Fine for rock gardens, where it thrives in the crevices.

Postpaid, 3 for \$1.00, Each 40c

GOLDEN SHOWER

P85 Coreopsis Golden Shower is one of the best hardy new perennials. The bright yellow star-like flowers, 1 to 1½ inches across, are produced right through the hottest summer weather. The bright green, feathery foliage is attractive in itself. It makes a neat, bushy plant 18 to 24 inches tall that will brighten up a dull corner and add color to a border. Does well in full sun or part shade in ordinary garden soil. Try it at our risk, if you do not like it, you may select anything else you wish to the same value.

Postpaid, 3 for \$1.25, Each 50c

Golden Shower

DIANTHUS, Little Joe

P112 This is one of our choicest hardy low-growing perennials. It makes a compact, bushy plant only 6 inches tall with handsome blue-green foliage. The rosy-red flowers, 1 inch across, are produced from late spring to freezing. Excellent for borders, foreground and rock gardens.

Postpaid, 3 for \$1.25, Each 50c

DELPHINIUMS

P100 Cliveden Beauty—Many think this is the finest of all light blue flowers. Grows 3 to 4 feet tall and after the first great burst of bloom in early summer, it repeats at intervals. A healthy grower that lasts for many years. Lovely in the garden and very fine for cutting.

Postpaid, 4 for \$1.00, Each 35c

P101 La Martine—This fine plant should be in every garden. The rich dark blue flowers are so lovely in the garden and for cutting. A great mass of flowers in early summer and at intervals all summer. When you cut a flower spike, another grows out to bloom later on. A healthy grower, 4 feet or so tall, lasts for years.

Postpaid, 4 for \$1.00, each 35c

P102 Pacific Hybrids—The individual flowers are very large, often 2½ inches across on spikes 3 to 4 feet long. The colors range from white, sky-blue to deep blue, purple, violet and exquisite shades of orchid-pink. The plants grow 5 to 7 feet tall. Cut the stems after the first great burst of bloom and they will repeat.

Postpaid, 4 for \$1.00, Each 35c

FAMOUS CUSHION MUMS

These Cushion Mums produce bushels of blooms from late summer well into fall. They grow about 2 feet tall and 2 to 3 feet wide. It is almost unbelievable the many hundreds of flowers they produce. You can pick bouquet after bouquet after all other flowers are gone.

P16 Bronze Cushion—A grand sight with its rich fall colors of gold, orange, copper and bronze.

P17 Pink Cushion—The original Cushion Mum with many hundreds of lovely pink flowers for weeks.

P18 Red Cushion—The glowing mahogany-red flowers cover the plant for weeks.

P19 White Cushion—Pure white with a warm ivory center, giving a balanced color effect with fall flowers.

P20 Yellow Cushion—Great masses of gleaming yellow. Outstanding in the garden and fine for cutting.

Your Choice, Alike or Assorted, Postpaid

6 for \$1.85, 3 for \$1.00, Each 40c

Artemisia, Silver King

P61 Artemisia, Silver King—The frosty silvery-white foliage is effective in the garden and for a "Misty" effect in bouquets. Can be kept for winter bouquets. Grows 3 feet tall.

Postpaid, 3 for \$1.00, Each 40c

Linum, Blue Flax

P195 Linum, Blue (Blue Flax)—Graceful, feathery foliage with azure-blue flowers almost all summer. Does well in dry, sunny places. Grows 18 to 24 inches tall.

Plant Inter-State Lilies this Spring

Regal Lily

REGAL, America's Favorite Lily

for Late Spring and Early Summer Bloom

B85 This is America's favorite hardy Lily. Most of you know it and realize that the picture at the left does not begin to do justice to this great Lily. They are useful in so many different spots. They have a distinctive beauty that is found in few flowers. Just plant them 7 or 8 inches deep in well drained, ordinary soil, in a sunny or partially shaded location. They will come up year after year, multiplying and giving you more and more flowers each passing year. Blooms in June-July on stems 3 to 4 feet tall. After it is established it is nothing uncommon to have great clusters of 15, 20, even 25 flowers on a stem. The exquisite flowers, much larger than pictured, are fragrant, snow-white with a golden throat and tinged pink on the outside.

These are very fine large bulbs and will bloom beautifully this summer. Our prices are low, so you can plant them freely. You never get too many. POSTPAID.

Estate Lily below

ESTATE, New Hardy Easter Lily

B66 Yes, this is a new, beautiful pure white Lily exactly like the greenhouse-grown Lilies which sell at Easter time for \$2.50 to \$5.00 potted. But this Estate Lily is hardy and thrives outdoors excepting in the very coldest states. The large flowers are 5 to 6 inches long, trumpet-shaped, pure white and delightfully fragrant. Grows 2½ to 3 feet tall and blooms right after the Regal Lily. Plant in a well-drained spot, preferably in partial shade, 8 to 9 inches deep (in heavy soil only 6 to 7 inches). A light winter mulch is beneficial. Estate is harder than the Croft Lily. We are making special low prices so many thousands can enjoy in their own garden this magnificent new Lily. They will bloom this summer, the larger bulbs producing more flowers. POSTPAID.

Selected Bulbs, **Each 50c, 3 for \$1.35, 6 for \$2.50**

Standard Bulbs, **Each 40c, 3 for 1.00, 6 for 1.85**

Smaller Bulbs, **Each 30c, 5 for 1.00**

Crimson Beauty Lily

CRIMSON BEAUTY

B80 The striking flowers of this fine Lily are much larger than pictured. The color is distinctive, a rich crimson with a touch of copper. Blooms freely in early summer, in upright clusters, on stems 18 to 20 inches tall. After it is established, it is nothing unusual to have twenty-five flowers on a single stem. Very easy to grow, thrives everywhere, comes up year after year and lasts a lifetime. POSTPAID.

3 for \$1.00; Each 40c

for Summer Garden Beauty!

PHILIPPINE LILY

For Late Summer and Fall Bloom

B83 In the few years since its introduction, this has become one of America's most popular Lilies. It is so easy to grow and sure to bloom. The lovely white flowers are large, 7 to 8 inches long and delightfully fragrant. They come on strong stems 4 to 6 feet tall. You will fall in love with this beautiful Lily. It starts blooming in late summer and continues right up to frost. It is not only a grand garden flower but is also fine for cutting. We have made a special price so that you can plant them freely. They are hardy and will come up year after year. Select a well drained spot and plant them 6 to 8 inches deep (8 inches in light, sandy soil and 6 inches in heavier soil). By planting Regal, Estate and Philippine you will have blooms spring, summer and fall. POSTPAID.

6 for \$2.00; 3 for \$1.50; Each 50c

Philippine Lily

RED CORAL LILY (*Tenuifolium*)

B84 Their small, fragrant, bright scarlet flowers highlight the garden in late spring and early summer. Grows 18 inches or so tall. Plant 5 or 6 inches deep. Perfectly hardy, come up year after year. POSTPAID.

6 for \$1.00; 3 for 60c; Each 25c

B68 **Auratum Lily**—This is the lovely Gold-Banded Lily. Large fragrant flowers, waxy white with crimson spots and each petal with center stripe of gold. When established up to 25 flowers on the 4 to 6 foot stems. In planting cover the bulbs with 5 inches of soil. Postpaid.

Large Bulbs, Each 85c, 3 for \$2.25

Blooms for Many Weeks

RUBRUM LILY

B65 Many think this the loveliest of all Lilies. The flowers are bright pink edged white. Bloom in August and September on stems 3 to 4 feet tall. It is perfectly hardy. Plant 7 to 8 inches deep and it will come up year after year, multiplying and increasing in beauty each passing year. Rubrum adds a touch of color to your garden, blending perfectly with other colors. Remember that all lilies like a well-drained location, either in full sun or partial shade. Neutral peat moss (see page 33) mixed with the soil when planting is beneficial. POSTPAID.

Columbine

P78 This color photograph gives you a glimpse of the beauty of these Columbine (Aquilegia). They are even more beautiful in the garden as they nod gracefully in the breezes. The colors are so rich, so clear, so exquisitely lovely and they blend perfectly. They bring to your garden or a bouquet, a "fairy" touch that no other flower can give. The flowers are much larger than pictured, up to 3 inches across with spurs 4 to 5 inches long. They come up year after year, growing 2 to 3 feet tall and

blooming so generously in the spring. They thrive in any ordinary soil and prefer a partially shaded spot where they are protected from the hot afternoon sun.

Now you can get these lovely Columbine in separate colors to get just the color effect you want. Our field-grown plants will bloom this season. POSTPAID.

LYTHRUM

Morden Pink

A Remarkable Perennial

P202 Lythrum, Morden Pink—is an outstanding perennial. It has proven satisfactory from coast to coast. Originating in Canada it is hardy even in the coldest states. Makes a neat bushy plant 30 to 36 inches tall that blooms continuously right through summer's heat. It thrives with almost no care, in sun or part shade. It is not at all fussy about soil. In the fall, the foliage turns to brilliant red. We recommend it highly as being one of the easiest-to-grow and most satisfactory perennials we have ever grown. POSTPAID.

Each 50c; 3 for \$1.25; 6 for \$2.25

INTER-STATE'S Half-Price IRIS SALE

We have too many fine Iris so we are going to "clean house" by selling them at half price in collection lots. This gives you an opportunity to get the newer, better Iris. Remember these Iris are guaranteed to please you when you get them and also when they bloom. All Iris are Postpaid.

DYKES MEDAL COLLECTION

Here are five of America's finest Iris, Elmohr, Great Lakes and Prairie Sunset being Dykes Medal winners, the highest honor an Iris can win. Now at our half price offer you can have these in your own garden. Truly great Iris at special low price.

P 449 Elmohr—The flowers are simply huge, often 6 inches across and 7 inches long. The color is a rich, glowing Bishop's purple. Without doubt it is one of the greatest of all Iris.

Each \$1.25, 3 for \$3.00.

P 489 Flora Zenor—This is the sensational new Sass pink. The color is a fascinating sea-shell coral pink lighted with a brilliant tangerine beard. This color is new in Iris. Very freely produced on tall stems. It certainly brings the "Ohs and Ahs."

Each \$1.00.

P 494 Golden Fleece—Few Iris are as graciously lovely as this Sass creation. The flowers are large, perfect form, beautifully ruffled. The standards are a clear

pure medium yellow and the falls are ivory-cream broadly edged yellow.

Each \$2.00.

P 432 Great Lakes—This variety has such perfect form, color and performance that it is the standard by which others are judged. The color is a captivating clear blue. One of the greatest Iris of all time.

Each \$1.00, 3 for \$2.50.

P 430 Prairie Sunset—Introduced just 10 years ago at \$100.00 each, this was Hans Sass's masterpiece, the most sensational Iris ever created in America. It brought new colors to the Iris family. It is a blend of peach, apricot, rose, copper and gold. You certainly want it in your garden.

Each \$1.50, 3 for \$4.00.

9 P 474

DYKES COLLECTION

(Regular price is \$6.75)

WORLD FAMOUS SASS IRIS

It is recognized that the Sass's have done more to improve Iris in America than any other family. Their varieties are noted for their lovely colors, and great performance. Here is a selection which at a very moderate price will bring satisfaction to thousands.

P 487 City of Lincoln—Most Iris experts rate this the best of its color. The flowers are large with broad flaring falls of rich red with a narrow golden edge. The standards are gleaming yellow. Outstanding.

Each 60c, 3 for \$1.50.

P 445 Pink Satin—A lovely orchid-pink on tall stems. It blends beautifully in the garden with other colors.

Each 50c, 3 for \$1.25.

P 488 Elsa Sass—Hans Sass thought so highly of this that he named it for his wife. A cool lemon color with a white flush in the center of the falls and bright golden beard.

Each 60c, 3 for \$1.50.

P 464 Snow King—A fine large snow-white.

Each 40c, 3 for \$1.00.

P 490 Vagabond Prince—A very fine dark black-purple with a sheen like velvet.

Each 50c, 3 for \$1.25.

9 P 409

FALL BLOOMING IRIS

These Iris bloom as usual in the spring and then bloom again in the fall, right up to frost. In the extreme northern states in a short season the fall bloom will be light.

P 477 Autumn Haze—Very large lavender-blue.

Each 35c

P 478 Black Magic—This fine royal-purple often blooms two or three months in the fall.

Each 40c

P 454 Sangreal—This fine yellow blooms freely both spring and fall.

Each 50c

P 481 White Autumn King—Free-blooming, large, pure white.

Each 30c

9 P 405 One Each of All 4 Above Fall Blooming Iris for **\$1.15**

DE LUXE IRIS

You will find these Blue Ribbon winners in the finest gardens. At this price you can discard some of your older kinds and bring your Iris garden up-to-date.

P 491 Arctic—Huge perfectly formed flowers with standards of ivory and broad flaring falls of white with center of flower lighted with a golden sheen. Very beautiful.

Each 75c, 3 for \$2.00.

P 442 Garden Magic—Immense flowers of velvety deep red.

Each \$1.00.

P 495 Nylon—Very large and perfect flowers of coppery tan on tall, well-branched stems. Vigorous grower, free bloomer. Its unusual color always attracts attention.

Each 75c, 3 for \$2.00.

P 496 Sable—Since its introduction in 1938 this has ranked as the best deep lustrous blue-black-violet. Even the beard is blue. Has everything a fine Iris should have, color, form, size and vigor.

Each \$1.00, 3 for \$2.50.

P 466 Wabash—Many think this the most beautiful of all Iris. The standards are snow-white, the falls are deep violet edged white. Simply exquisite, a "must-have."

Each 75c, 3 for \$2.00.

9 P 497 DE LUXE SPECIAL

Large Flowering
Cannas
For a Glorious
Bed or Border
Your Choice, alike or assorted
3 for 55c, 7 for \$1.00**

No other flower will give as brilliant a display all summer and fall as a bed or border of Cannas. We send you Big, Extra Fine bulbs. These larger bulbs will produce more and better flowers. Plant them in full sun in good soil when the ground warms up in late spring. Do not plant too early or they will rot in the ground. Water freely in dry weather. Plant 18 inches apart each way. All Cannas are Postpaid.

B106 Allemania—Large flowers of sparkling salmon-red with yellow border. Green foliage, grows 5 feet tall.

B92 Eureka—Large creamy white flowers all through the season. Green foliage, grows 3½ feet tall.

B95 King Midas—We think this the finest clear bright yellow. Large flowers right up to frost. Green foliage, grows 4 feet tall.

B100 Pink Giant—The finest pink canna we know. Large heads of broad petaled flowers, a bright glowing pink. Green foliage. 4½ feet tall.

B97 President—For many years this has been America's favorite Canna. All through the season it produces large bright red flowers. Grows 4 feet tall.

B94 Red King Humbert—Large, brilliant orange-scarlet flowers until frost. Purple-coppery-bronze foliage, grows 4½ feet tall.

B98 Yellow King Humbert—Large flowers of golden yellow heavily flecked with red. Green foliage. 4½ feet tall.

PLEASE DO NOT FORGET

Be sure and put on your order the Premiums shown on page 3.

Print or write your name, full address and order very carefully and plainly. Be sure you have the correct catalog numbers. Also write down the name of the variety as well as the catalog number. Careful printing or writing helps us avoid mistakes.

Please write your seed order on a separate sheet from your nursery order. Put your name and address on BOTH ORDERS even if they are mailed in the same envelope. Seed orders are shipped right away. Nursery stock is shipped separately, at planting time.

NEW AND IMPROVED Flower Seed SELECTIONS FOR 1949

801 PETUNIA, Garden Giants

This is a new strain of low-growing Ruffled Petunia well suited to home garden use. The outstanding feature is its plant growth, which develops uniformly into well-rounded mounds 12 to 15 inches high. They start flowering when extremely small and continue a gorgeous display even under adverse heat and dryness. This mixture includes a wide variety of bright color combinations.

Pkt. 15 each.

802 SWEET PEAS, Cuthbertson Mixed

A new strain of Sweet Peas which is a vast improvement over the Spring Flowering types. It grows and blooms under hot weather conditions with exceptional vigor, length of stems and abundance of fragrant blossoms. If you have not had good success with Sweet Peas, be sure to give this variety a trial.

Pkt. 15 each.

803 ZINNIA,

Burpee's New Luther Burbank

This new variety has lovely, delicate pastel or art shades in beautiful self colors and also an unusual two and three-color combination of soft and light shades. Flowers grow 5 to 5½ inches across and are composed of numerous petals which curl back somewhat to form thick flower heads 2 to 3 inches deep. Strong growing, 3 to 4 feet tall, well-branched with long-stemmed flowers for cutting.

Pkt. 15 each

804 ZINNIA, Burpee's Super Giants

A fine mixture containing the loveliest colors and combinations ever seen in Zinnias. Truly Giant flowers ranging from 5½ to 6½ inches across in a wide range of flower forms of Dahlia Flowered and Chrysanthemum-flowered heads. This will be outstanding in your garden and perfect for cutting. Try some and be convinced with their beauty.

Pkt. 15 each

805 SNAPDRAGONS, Burpee's New Tetra

Giant Ruffled Tetraploid Snapdragons are the largest flowered of all Snaps. Very distinctly and attractively ruffled in richer, brighter and clearer colors and combinations of beautiful tone blendings. We are pleased to offer this variety to our customers. Try them and you will be amazed with their beauty.

Pkt. 15c each

806 MARIGOLD, Red Head

Burpee's New Dwarf Single French Marigold which is an All-America Winner we are proud to list for our flower lovers. Well-shaped flowers made up of a single row of broad, overlapping petals and a wide, crested center of many, tiny, erect florets. The edges of the petals are slightly curled, showing a beautiful gold reverse, adding to the attractiveness of the flowers which possess all the subtle shades of gold, bronze and auburn. When first opening, the blooms are a rich, mahogany-red, changing to auburn and later to bronze and gold. Plants are dwarf, quite compact and free-blooming, about 1 ft. tall.

Pkt. 15c each.

807 COSMOS, Radiance

A top All-America winner and an entirely new combination of two brand-new colors. The petals are a deep rose with a definitely rich crimson eye and a bright yellow center. A very outstanding color combination. It has a neat, compact erect growth habit and as a cutflower is unsurpassed. It has good long stems, strong enough to arrange easily. Blooms all summer long.

Pkt. 15c each

808 ASTER, Ballet Queen

Another one of our new introductions which is very early and free-flowering and wilt-resistant. The color is new, deep rose touched with salmon, assuming a soft bronze color when flowers are massed together in the sunlight. The flowers are extremely double, perfect for cut flowers. You will find it outstanding for your garden and also as a border planting.

Pkt. 15c each.

INTER-STATE'S GUARANTEED-TO-GROW FLOWER SEEDS!

Blue Spire
White King
Carmine King

807

All 3 for just **25c** Postpaid

Have a patriotic flower garden as well as beautiful flowers.

LARKSPUR

Tall Spikes of Graceful Beauty

158 Larkspur, Annual Mixed (30)—One of the finest annuals, ideal for both garden color and cutting. Gives a more continuous bloom if the faded blossoms are cut off.

Larkspur, Giant Imperial (30)—An ideal type for cutting with long flower stems, branching from the base. Your choice of the following.

160A **Blue Spire**—Deep blue.

160B **Carmine King**—Carmine.

160D **White King**—Pure white.

160E **All Colors Mixed**.

304 Larkspur, Rosalind (40)—A new color in Larkspur, rose with just enough salmon to create a most pleasing shade of rose-pink. Base branching, practically non-shattering, excellent for cutting.

LARKSPUR, Annual Mixed

NASTURTIUMS

Thrive in the poorest of soil

172 Nasturtium, Dwarf Mixed (10)—The most popular dwarf annual, easy to grow in poor soil, and blooms for weeks. In rich colors, fine for beds and borders.

173 Nasturtium, Tall Mixed—A choice mixture of all the newer and more colorful types.

175 Nasturtium, Double Glorious Gleam Hybrids—Large, double, sweet-scented blooms in striking colors.

174 Nasturtium, Double Golden Gleam—Fragrant, golden yellow flowers. An original Gold Medal Winner and still one of the most widely planted of all new flowers.

SCABIOSA

Easy to grow, ideal for cutting

316 Scabiosa, Giant Rosette (36)—A glorious new Scabiosa color, a deep, lovely rose, with extra large flowers on long stems which are fine for cutting.

315 Scabiosa, Blue Moon (36)—An entirely new type of Scabiosa with broad, wavy petals of a rich deep lavender blue. Long, wiry stems ideal for cutting.

Scabiosa, Mourning Bride (30)—Long stems and cheerful colors make these ideal for cutting. Long lasting in water and bloom July until frost. Very easily grown.

214 **Finest Mixed**, lovely colors.

215 **Black Prince**, purple.

216 **Blue Cockade**, deep blue.

218 **Peach Blossom**, peach pink.

219 **Loveliness**, salmon rose.

221 **Shasta Improved**, white.

222 **Yellow**, sulphur yellow.

ANNUAL VINES

Decorative

289 Gourds, Ornamental Mixed—This special mixture of the large and small ornamental varieties is very interesting.

287 Cardinal Climber, Ipomea Hyb.—A mass of fiery red flowers from mid-summer until frost. Everybody admires this strong and rapid growing annual vine.

291 Morning Glory, Giant Japanese Mixed—Large flowers and gay colors that you will enjoy. Like poor soil and full sun.

810 MORNING GLORY VINE SPECIAL

1 Imp. Heavenly Blue
1 Pearly Gates
1 Scarlett O'Hara

All 3 for just **25c**
POSTPAID

MORNING GLORY, Heavenly Blue

292 Morning Glory, Imp. Heavenly Blue—Clarke's Strain. The large, lovely, true-blue flowers with a lighter throat give a mass of beauty. Fine for trellis or arches. A coarse gravelly soil and a southern exposure gives an abundance of morning bloom until frost.

293 Morning Glory, Pearly Gates—Silver Medal Winner in 1942 All-America Selections. The flowers are a lovely lustrous white with creamy shading deep in the throat. They average 4½ inches across. Vines are covered with bloom from mid-summer to frost. A wonderful companion for Heavenly Blue.

306 Morning Glory, Scarlett O'Hara—The All-America GOLD MEDAL Winner that has created so much interest. The rich, wine-red flowers of good size are freely produced and last longer.

307 Morning Glory, Cornell—A new, annual climber with flowers of intense red with pure white border, as large in size as Heavenly Blue. Makes a rapid growth.

New Mums

These Chrysanthemums were selected from thousands of seedlings. They are new, they are better, they will bring your "Mum" garden up-to-date. They start blooming in September and the flowers are much larger than pictured. We recommend putting 3 to 4 inches of sand on your mums over winter to prevent ground from heaving.

**Your Choice, Alike or Assorted
6 for \$2.00; 3 for \$1.15; Each 50c**

P22 Avalanche—Many think this the finest large double white. 27 inches.

P227 Charles Nye—Large, very double 3-inch flowers of bright buttercup yellow. The finest new yellow Mum we have seen. Nearly 30 inches tall.

P24 Chippewa—3½ to 4-inch large double flowers of Aster-purple. Colors best with afternoon shade. 26 inches.

P228 Courageous—Large double 3½-inch flowers of glowing ruby red. 26 inches.

Golden Sunset

Heatherbloom

P229 Drifted Snow—Large double 3½-inch flowers, snow-white with creamy center, cover the entire plant. 24 inches.

P234 Golden Sunset—A marvelous new variety with large, double 3½ to 4 inch flowers of burnished copper with a ruby center, unusually attractive. No other Mum like it. Completely covered with flowers for many weeks from early September to severe frosts. 24 inches.

P230 Heatherbloom—Very double 2½-inch blooms of sparkling pink, center shaded rose and petals tipped with gold. 24 inches tall.

P231 Olive Longland—Large double 3-inch flowers of apricot tinted salmon. The finest of this color. 24 inches tall.

Lavender Lassie

Purple Queen

103 African Daisy, Hybrids Mixed (15)
—Compact, bushy plants with white, orange, gold and salmon blossoms from July to October. Very fine for cutting.

107 Alyssum Procumbens, Carpet of Snow (4)—The dwarf, white, edging plant that is so desirable. Blooms all summer and fall. Each plant is a compact mass of snow-white blossoms.

122 Alyssum, Violet Queen (6)—A new dwarf compact variety bearing beautiful bright violet flowers all summer and fall. It is a pleasing contrast to the white flowering alyssums.

118 Bachelor Button, Double Mixed (20)—An abundance of double, colorful flowers from July until frost. Fine for cutting.

119 Bachelor Button, Jubilee Gem (12)—A dwarf, compact plant of bright green. A delightful background for the double, dark blue flowers.

123 Calendula, Sunshine (18)—The large buttercup-yellow flowers bloom over a long period and are excellent for cutting.

124 Calendula, Campfire (24)—The large, dark orange flowers with a scarlet sheen are very attractive.

125 Calendula, Finest Double Mixed (18)—The old fashioned, free-flowering Pot Marigold of yellow and orange.

127 Campanula, Cup and Saucer, Canterbury Bell (20)—An easily grown biennial that gives a profusion of blue, rose, and white flowers.

129 Canterbury Bell, Annual Mixed (24)—Blue, pink, rose, violet, and white flowers in late summer and autumn. A fine border flower.

130 Carnation, Chabaud's Giant Imp. (16)—Our most popular early flowering clove-scented carnation. The robust, long-stemmed plants give continuous bloom.

131 Castor Bean, Ricinus (120)—Tall-growing background plant with ornamental foliage. Useful for screening alleys and unsightly places.

136 Cockscomb, Celosia Cristata (30)—The velvety-red heads of this old fashioned celosia add color to the garden.

139 Cosmos, Sensation Mixed (45)—Immense pink and white blooms are truly a sensation, and are a great favorite for cutting.

141 Cosmos, Mam. Early Flowering Mixed (48)—The large, single flowers of red, pink, and white make a lovely showing from midsummer until frost.

303 Dahlia, New Dwarf Hybrids (20)—This new strain of Dahlias is selected to give a higher percentage of true doubles and a much wider range of colors.

145 Dianthus, Pinks, Hedgewigi Dbl. Mixed (12)—The freely-produced flowers of crimson, purple, pink, and white are fine for cutting.

FOUR O'CLOCK

148 Four O'Clocks, Marvel of Peru (24)—Flowers of red, yellow, lilac and white. The glossy foliage and profuse bloom make it an attractive border plant from July until frost.

154 Gypsophila, Annual Baby's Breath (15)—This improved London Market strain gives an abundance of large, pure white flowers. Make several plantings for continuous bloom.

182 Painted Daisies, Finest Mixed (18)—The annual Chrysanthemum is easily grown and loved by all. Early blooms, choice colors.

183 Pansy, Giant Superb Mixed (6)—A large flowering strain in a beautiful color range.

308 Pansy, Super Swiss Giants (6)—For size, color, and free blooming qualities this garden favorite is unsurpassed.

196 Poppies, American Legion (30)—Brilliant scarlet that brightens your flower garden. The best red Poppy.

205 Poppies, Eschscholtzia, Calif. Mixed (12)—A free blooming annual rich in crimson, pink, and orange-scarlet shades. Very showy.

209 Portulaca, Rose Moss, Dbl. Mixed (4)—Our unsurpassed, choice doubles. Delicate green foliage simply covered all season with bright colored flowers. The flowers resemble small roses and in dry weather are at their best.

225 Snapdragon, New Calif. Rust-proof (24)—The finest color range of all the Rust Resistant Mixtures. Beautiful in beds and fine for cutting.

226 Snapdragon, Super Giants, Rust-proof (30)—A mixture of our own selection, taller in habit than the California type and bearing larger blossoms.

PEAT MOSS

Peat Moss mixed with your soil is very good for your flower beds, you will get better results from your planting. See Page 33 for description and prices. Order early.

228 Strawflowers, Everlastings, Mixed (20)—Our own collection of many kinds especially selected for your winter and decorative bouquets.

243 Sweet William, Single Mixed (18)—Pink, crimson, scarlet and white blooms in early spring.

248 Verbena, Giant Hybrids (10)—Fine for borders, beds, porch boxes and among tall growing plants like Lilies. Bloom all summer and fall. All colors mixed.

INTER-STATE'S TESTED, GUARANTEED-TO-GROW VEGETABLE SEEDS!

OUR SEED GUARANTEE

We guarantee our seeds to be of the best quality and to grow in your garden. Otherwise, we will replace them free.

When you see this mark (*) before the name of a variety, it means that we recommend it especially for quality and productiveness in the home garden. The number following the name indicates the approximate days from planting until ready for use. Complete easy-to-follow Planting Instructions are printed on every seed packet.

FREE! Make your **SEED ORDER** total \$2.00 or more and we will include **FREE** some packets of seeds worth 30c or more.

IMPORTANT NOTICE...

If you order both Seeds and Nursery Stock, please write your Seed Order on a separate Order Blank or sheet of paper. Seeds and Nursery Stock are not shipped together. By sending us your orders for Seeds and Nursery Stock on separate sheets of paper, you help us to give you faster service, with less chance of confusion. Be sure to write your full name and complete address, plainly, on both sheets.

Packet 10c

½ Lb. for 30c

1 Lb. for 55c

One packet of Bush Beans will plant 25 feet and 1 pound 150 feet. Make successive plantings of bush beans and have fresh beans all summer and fall.

DWARF GREEN POD BUSH BEANS

***401 Burpee's Stringless Green Pod** (50 days)—This is, by far, our most popular bush bean. It produces long, round meaty pods that are always tender and absolutely stringless even when full grown. It cannot be beat for table use or canning. Its quality, productiveness and tenderness have never been surpassed. We believe that it will produce more than any other variety and produce for a longer period of time.

***402 Tendergreen** (58 days)—A new All-American Bronze Medal Winner that is stringless in all stages. Compared with the Tendergreen the pods are slightly longer and a little more slender. Vines are 17 inches upright with fairly concentrated pod set. Pods are 6 to 7 inches long, slim, smooth and dark green. A very good canning variety.

***403 Tendergreen** (53 days)—A new green bean so tender that it fairly melts in your mouth. Absolutely stringless, very highest quality and productive. Fine for table use and canning and best of all for freezing. All who plant it are enthusiastic.

DWARF WAX POD BEANS

***406 Brittle Wax** (54 days)—This is our best and most popular wax bean. Superb quality, very early and very productive. The long, round pods are perfectly stringless at all times, very tender, light yellow. Many think this the finest quality of all beans, wax or green. Easy to grow as it is blight resistant and stands dry weather.

408 Pencil Pod Black Wax (53 days)—This popular wax bean has long golden-yellow, tender, stringless curved pods.

407 Puregold Wax (58 days)—All-America Bronze Medal Winner. Pods are 5½ to 6 inches long, slim round golden yellow. The bush is dark green and about 13 inches high. A good canning variety which is stringless. Resistant to the common bean Mosaic.

905 BEAN SPECIAL

3 lbs. for \$1.50

Your choice
alike or assorted

BUSH LIMA BEANS

411 Burpee's Improved Bush Lima (75 days)—A large, meaty, delicious Lima. Long, broad, tender flat pods. Very productive, it produces right up to frost. When dry the beans are large, plump, white with a light greenish tinge.

416 Cangreen (68 days)—A new Lima similar to Henderson's except the beans are a little larger and when dry they remain an attractive green color. Extremely productive, all season. If you plan to can some Limas, be sure and plant some Cangreen because the beans look fine in the jar and taste as good as they look.

412 Henderson's Baby Lima (65 days)—A tremendous yielder, a short row will give you these delicious butter beans right up to frost. The green pods are about 3 inches long. The beans are small and creamy-white when dry.

FIELD BEANS

409 Improved Navy (85 days)—The small white, soup bean. Plant some for your winter's supply for soup and baking.

410 Red Kidney (94 days)—The dark red bean used in chili, soups, etc.

POLE BEANS

413 Kentucky Wonder (65 days)—Most widely planted Pole Bean. Bears early with clusters of long, curved green pods with tasty distinctive flavor. The more you pick them, the more they bear, until frost. Light brown beans.

BEETS Contain vitamins A, B₁, C, G, also minerals.
The Beet greens contain Iron, calcium, phosphorus, A, C, and G.

One Pkt. will sow 20 to 25 feet; one Oz. 75 to 100 feet.

*420 **Detroit Dark Red Improved** (61 days)—The most popular beet for the home garden and canning. Globe shaped, very smooth, a deep oxblood-red color. Very tender and sweet at all stages of growth, without a trace of woodiness.

422 **Early Blood Turnip** (60 days)—A good dependable midseason variety. Nearly round, deep red with brighter red zones. High quality.

*421 **Crosby's Egyptian** (55 days)—Extra early, semi-flat, very tender and sweet. Flesh is distinct dark red and keeps its color in cooking. Free from woodiness. Fine for the first beets from your garden.

POSTPAID PRICES ON ALL BEETS

Pkt. 10c	1/2 Oz. 18c
1 Oz. 30c	1/4 Lb. 85c

BEETS, Detroit Dark Red

CABBAGE Contains vitamins A, B₁, C, G, P.P., Calcium, Iron.

1 Pkt. will produce 100 or more plants;
1 Oz. 2500 plants.

434 **Early Flat Dutch** (75 days)—An early, unusually fine, large, solid, flat-headed type. Fine quality, 5 to 6 pound heads. Keeps well.
Pkt. 10c; 1/2 Oz. 25c; 1 Oz. 43c

435 **Danish Ballhead** (100 days)—Our most popular late cabbage, producing round compact heads weighing from 7 to 9 pounds. Excellent keeper. Very crisp and tender. Fine for kraut.
Pkt. 10c; 1/2 Oz. 28c; 1 Oz. 50c

436 **Early Jersey Wakefield** (60 days)—An extra early variety with cone-shaped heads, 2 to 3 pounds each.
Pkt. 10c; 1/2 Oz. 25c; 1 Oz. 40c

*438 **Marion Market** (75 days)—A Yellows Resistant strain of Copenhagen Market. A sure heading, main crop variety. Our most popular cabbage. Excellent quality, has short stems and is good for early kraut and all cooking purposes. Weighs 4 to 5 pounds.
Pkt. 10c; 1/2 Oz. 35c; 1 Oz. 60c

439 **Premium Late Flat Dutch** (100 days)—Very popular large, flat headed winter cabbage. Fine quality, solid, good keeper and fine for kraut. Heads weigh from 13 to 15 pounds.
Pkt. 10c; 1/2 Oz. 28c; 1 Oz. 50c

437 **Golden Acre** (65 days)—An extra early garden variety with round firm heads weighing about 4 pounds each. Resists bursting.
Pkt. 10c; 1/2 Oz. 28c; 1 Oz. 50c

CARROTS Contains vitamins A, B₁, C, G, P.P., Calcium, Phosphorus, Iron.

One Pkt. will sow 35 feet; One Oz. 200 feet.

*426 **Improved Chantenay** (70 days)—The outstanding favorite with people who grow carrots in their garden. This is a very choice strain producing large, thick, six-inch orange roots, very tender, high quality and free from hard core. Very heavy yielder.
Pkt. 10c; 1/2 Oz. 25c; 1 Oz. 45c

430 **Oxheart** (72 days)—Especially good for rather stiff, hard soil because the roots are short and stubby. A good keeper. Bright orange, tender and sweet.
Pkt. 10c; 1/2 Oz. 25c; 1 Oz. 45c

*427 **Coreless Nantes** (68 days)—We especially recommend this for the home garden because of its extra fine quality. The roots are deep orange, very tender and sweet from 6 to 7 inches long and the same size from top to bottom.
Pkt. 10c; 1/2 Oz. 30c; 1 Oz. 50c

429 **Danvers Half Long** (75 days)—Very productive. Keeps all winter. Does well in all classes of soil. Smooth, deep orange roots, about 7 inches long, tapering to a blunt point. Sweet, tender and crisp.
Pkt. 10c; 1/2 Oz. 25c; 1 Oz. 45c

CUCUMBERS Contains vitamins A, B₁, C, G, Phosphorus, Iron.

One Packet will plant 15 hills; one Ounce, 65 to 70 hills.

452 **Chicago Pickle** (58 days)—Very popular early variety. Very productive. Pickles are uniform size, medium green and square ended.
Pkt. 10c; 1/2 Oz. 16c; 1 Oz. 27c.

*453 **Improved Long Green** (62 days)—The best and most popular all-purpose cucumber, fine for slicing and pickling. It does well in every section, producing heavily when other kinds give up. It is medium dark green, crisp, few seeds.
Pkt. 10c; 1/2 Oz. 18c; 1 Oz. 30c.

455 **Burpee's Hybrid** (60 days)—Burpee's Hybrid Cucumber outyields open pollinated varieties because the vines continue to produce their fruits more profusely long after the others have ceased. Vines are extremely vigorous, long lived and bear an abundance of well-formed green fruits of handsome appearance, 8 inches and more long, 2½ inches wide, square at both ends with medium seed cavity and crisp, white flesh of excellent quality.
**Pkt. (30 seeds) 25c; 3 Pkts. 70c; 1/2 Oz. \$2.75;
1 Oz. \$5.00**

*454 **Select National Pickling** (55 days)—Our most popular pickling type. Of uniform size and color, as firm after pickling as before. Very early and enormously productive. Even size, straight, with square blunt ends, deep green color.
Pkt. 10c; 1/2 Oz. 16c; 1 Oz. 27c.

456 **Straight Eight** (58 days)—A new white spine type, very productive, long straight fruits of an ideal green color. Averages about 8 inches long.
Pkt. 10c; 1/2 Oz. 20c; 1 Oz. 35c.

CARROTS, Imp. Chantenay

SWEET CORN

Contains vitamins B₁, C, Phosphorus, Iron.
(Also Vitamins A and G in yellow sweet corn)

One packet will sow 60 feet or more; 1 Lb.
400 feet.

*450 **Tendermost** (83 days)—The most tender of all our yellow hybrids, giant size kernels of sugary-sweet goodness with a tender hull. Very large ears averaging nine inches in length with 14 to 16 rows of regular kernels. A high-yielder that stays sweet and tender on the stalk for nearly two weeks. Good resistance to smut and ear worm.

Pkt. 10c; 1/2 Lb. 38c; 1 Lb. 70c

*443 **Aristogold Bantam Evergreen** (87 days)—This is the largest, high quality yellow hybrid sweet corn we have ever seen. About a week later than Golden Cross, the ears are a little larger, equally fine quality and even more productive. The two together make a great team. Stands the heat, drought and wind.

Pkt. 10c; 1/2 Lb. 38c; 1 Lb. 70c

444 **Marcross, Early Yellow** (71 days)—Plant this for the first sweet corn of the summer. Ears are 6 to 7 inch, with 10 to 14 rows of fairly large, yellow kernels of good quality. Prolific producer.

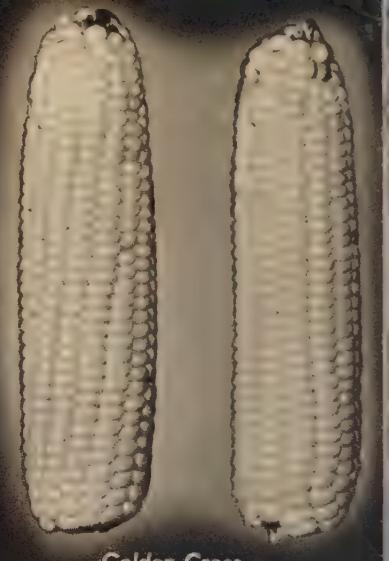

Pkt. 10c; 1/2 Lb. 38c; 1 Lb. 70c

447 **Golden Bantam** (78 days)—The favorite yellow sweet corn for many years. Very early, small ears, tender and sweet.

Pkt. 10c; 1/2 Lb. 20c; 1 Lb. 35c

*445 **Golden Cross Bantam** (82 days)—Our most popular yellow hybrid, producing 12 rowed ears, 8 inches long. It is about 3 times as productive as Golden Bantam. It is also resistant to bacterial wilt which often causes failure with early yellow corn. We honestly believe that once you grow this corn, you will always want it. The kernels are so tender and sweet they fairly melt in your mouth.

Pkt. 10c; 1/2 Lb. 30c; 1 Lb. 55c

445A **Hybrid Blends**—A special blend of all the finer yellow hybrids to give you an all season supply with only one planting. It contains early, medium, and late varieties. Thus all your sweet corn does not come on at once, and you can enjoy sweet corn all season long from just one planting.

Pkt. 10c; 1/2 Lb. 34c; 1 Lb. 60c.

449 **Stowell's Evergreen** (94 days)—The standard main crop white sweet corn. Large ears, sweet and stays tender a long time. Especially fine for canning.

Pkt. 10c; 1/2 Lb. 22c; 1 Lb. 36c.

*446 **Tendergold** (75 days)—A very fine yellow hybrid corn that is sweet, tender and of finest quality. Matures a few days earlier than Golden Bantam. Much more productive and holds its quality two to three days longer than other corns. The golden ears are 12 rowed about 8 inches long.

Pkt. 10c; 1/2 Lb. 33c; 1 Lb. 60c.

448 **Country Gentleman** (90 days)—The late white corn with long, deep grained kernels irregularly arranged. Often called the shoe-peg type. A heavy yielder.

Pkt. 10c; 1/2 Lb. 22c; 1 Lb. 39c.

451 **Silver Cross Bantam** (80 days)—This corn was derived from Golden Cross Bantam which it resembles but the stalks are taller and the ears longer and larger. Very tender with a real corn flavor. First choice for canning and freezing.

Pkt. 10c; 1/2 Lb. 38c; 1 Lb. 70c

452 **Golden Security** (85 days)—A very outstanding new variety under drought conditions. Kernels are bright golden yellow, medium width, good depth, tender and of excellent quality. Ears are 8-1/2 inches, usually two ears per stalk. Choice for canning.

Pkt. 10c; 1/2 Lb. 38c; 1 Lb. 70c

LETTUCE

Contains vitamins A, B₁, C, G, Calcium, Phosphorus, Iron.

One Packet of seed will sow 40 to 50 feet,
one Ounce, 200 feet.

*462 **Black Seeded Simpson** (46 days)—Our most popular loose leaf lettuce. The broad, frilled light green leaves are crisp, tender and of excellent quality. It is very early, does well everywhere.

Pkt. 10c; 1 Oz. 23c.

463 **Great Lakes Lettuce** (75 days)—A sure-heading variety that is famous for crisp heads even in hot weather. All-America winner of excellent quality. Try this variety this year, you will like it.

Pkt. 10c; 1/2 Oz. 25c

WATERMELON

Contains vitamins A, B₁, C, G, and minerals.

One Packet will sow 10 hills; 1 ounce 30 hills.

*477 **Imp. Kleckley Sweet No. 6** (87 days)—Many consider this the best watermelon. Weighs about 35 pounds, white seeds. Has light red flesh which is crisp, tender and very sweet. Wilt resistant strain.

*480 **Early Kansas Sweet** (85 days)—A very large medium early melon, fine for home gardens. Thin green-striped rind, bright red flesh of very fine sweet flavor. Seeds are reddish-brown. Weighs about 40 pounds. This is one of our finest melons and we recommend it.

475 **Northern Sweet** (76 days)—A very early, round melon weighing 12 pounds, having a thin rind and deep red crisp flesh. An ideal ice-box melon.

478 **Stone Mountain** (86 days)—The large, round, solid dark green melons are very popular. Ripens medium early and has a very delicious flavor with lots of heart. Weighs 30 to 40 pounds.

Prices on all Watermelon
Pkt. 10c; 1 Oz. 15c; 1/4 Lb. 45c.

MUSKMELON (Cantaloupe)

Contains vitamins A, B₁, C, G, and minerals.

One Packet will sow 15 hills; 1 Ounce 60 hills.

470 Hales Best (87 days)—Thick, tender flesh is deep salmon and richly flavored. Oval fruits weigh 4 pounds.

472 Early Sunrise (78 days)—Especially desirable because of early maturity. Fruit 5 to 6 pounds, fairly well netted. Flesh is orange with excellent flavor and quality. Very productive.

Prices on all Muskmelon Pkt. 10c; 1 Oz. 25c; 1/4 Lb. 75c.

ONIONS

Contain B₁, C, G, Calcium, Phosphorus, Iron.

One Packet will sow 10 hills; 1 ounce 30 hills.

483 Southport White Globe (115 days)—The best and most popular white onion. The bulbs are medium large, crisp, mild and have snowy white flesh. A good keeper and a heavy yielder.

Pkt. 10c; 1/2 Oz. 45c; 1 Oz. 80c

485 Yellow Globe Danvers (111 days)—White flesh, crisp and very fine quality. Firm and solid, this is the best keeping yellow onion. Very productive.

Pkt. 10c; 1/2 Oz. 45c; 1 Oz. 80c.

PEPPERS

Contain A, C, B₁, and G; also Calcium and Iron.

500 Long Red Cayenne (70 days)—A favorite hot sort used chiefly for pickling, canning and drying.

Pkt. 10c; 1/2 Oz. 30c.

497 Ruby King (68 days)—A popular variety for home gardens. Bears dark green fruits, about 4½ to 6 inches long, which turn a ruby red color when ripe. Fruits are about 3 inches thick. One of the best types for pickles.

Pkt. 10c; 1/2 Oz. 20c.

PARSLEY

Contains Vitamin A and Iron.

487 Moss Curled (72 days)—The most desirable for garnishing and decorative purposes. Dark green, finely cut curled leaves. Very fast growing. Cut it and it comes up again.

Pkt. 10c; 1 Oz. 23c.

PARSNIPS

One Packet will sow about 40 feet; 1 Oz. 200 feet.

488 Hollow Crown (125 days)—The most popular variety. Smooth, white skin with rich, tender, sweet flesh. Long, tapering roots about 12 inches long. They can be left in the ground over winter. Dig them in early spring before growth starts.

Pkt. 10c; 1 Oz. 20c.

PEANUTS

489 Peanuts, Jumbo—The large standard roasting peanut. Stands heat and drought.

Large Pkt. 10c; 1/2 Lb. 25c; 1 Lb. 45c.

489A Peanuts, Early Spanish—The pods are smaller than the Jumbo but they will mature as far north as Minnesota.

Large Pkt. 10c; 1/2 Lb. 25c; 1 Lb. 45c.

***471 Hearts of Gold** (88 days)—The salmon-orange flesh is very thick and good right out of the rind. The fruits are tender, juicy and very sweet. This melon weighs about 4 pounds. It is the most popular muskmelon for general use.

474 Rocky Ford Netted Gem (95 days)—A fine home and market garden melon, weighing about 2½ pounds. Uniform size, nearly round, thick green flesh with a spicy flavor.

Prices on all Muskmelon Pkt. 10c; 1 Oz. 25c; 1/4 Lb. 75c.

PEAS

Contain vitamins A, B₁, C, G, P.P., calcium, Phosphorus, Iron.

One Pkt. will sow 15 feet; 1 Lb., 100 feet.

All of these Peas grow only around 18 inches tall and do not have to be supported. When you order Peas be sure and include 15c for a packet of Nitragin to inoculate the Pea and Bean seed. 1 Pkt. is enough for 3 to 4 pounds of seed.

POSTPAID PRICES ON ALL PEAS

**Large Packet 10c
1/2 Lb. for 20c 1 lb. for 36c**

492 American Wonder (60 days)—A popular early pea. A good bearer of tender, sweet flavored peas. Grow only 12 to 15 inches tall.

***490 New Alaska** (54 days)—This is the kind to plant for those first Peas from your garden. This is an improved strain with larger pods, better flavor and very productive. Smooth seeded, it can be planted very early.

***491 Fillbasket** (60 days)—One of the earliest large podded semi-wrinkled peas. Sturdy vines bear an abundance of dark green pods, filled with good quality peas.

***495 Little Marvel** (62 days)—Our most popular wrinkled variety and the most satisfactory kind in the average home garden. It is very hardy and can be planted almost as early as New Alaska. Very productive, the pods are filled from end to end with the delicious, tender peas.

494 Laxton's Progress (62 days)—The earliest and heaviest yielding of the large podded peas. The pods are very large, with big, plump peas of the finest flavor. Very popular.

901 Freezonian (63 days)—All-America Bronze Medal Winner especially recommended for freezing. Vines are 30 inch, dark and medium heavy with 3½ inch pods filled with large wrinkled peas. Wilt Resistant.

902 Victory Freezer (65 days)—A new variety we are proud to list for freezing and an All-America Bronze Medal Winner. Vines are 29 inch, heavy with double pods 3-3½ inches long. Medium size peas, dark green and wrinkled. Wilt Resistant.

SPINACH

One Packet will sow 35 feet, 1 ounce will sow 100 feet.

513 Mustard Spinach, Tendergreen (25 days)—This green combines the flavors of mustard and spinach. Very prolific, it produces 6 or 7 crops a year.

Pkt. 10c; 1 Oz. 20c.

***511 Nobel's Giant Thick Leaf** (43 days)—Has large dark green crimped leaves, and one of the heaviest yielders. Does not go to seed early.

Pkt. 10c; 1 Oz. 16c; 1/4 Lb. 50c.

512 Savoy Bloomsdale (40 days)—Large, curled, deep green leaves. Plant real early and enjoy early greens.

Pkt. 10c; 1 Oz. 20c; 1/4 Lb. 55c.

RADISHES

Contain Vitamin C and minerals

One Packet will sow 30 feet; 1 Ounce, 100 feet.

Sow every 2 weeks for a continuous supply of fresh radishes all season.

***504 Early Scarlet Globe** (22 days)—By far the most popular real early radish. Bright scarlet, olive-shaped, crisp and tender.

Pkt. 10c; 1 Oz. 15c.

505 French Breakfast (24 days)—Early oblong shaped radish, scarlet with white tip.

Pkt. 10c; 1 Oz. 15c.

***507 New Crimson Giant** (28 days)—A rather new red radish that is fast becoming the most popular of all radishes. It is a large round radish being about $1\frac{1}{2}$ inches in diameter when fully grown. Deep crimson in color with white flesh that is very crisp and tender, and stays that way longer than any other red radish we know. Do not sow seed too thickly.

Pkt. 10c; 1 Oz. 15c.

***508 White Icicle** (27 days)—Everybody likes this long, snow-white radish. It is very mild, crisp and tender and stays that way for a long time.

Pkt. 10c; 1 Oz. 15c.

SQUASH

Contains vitamins A, B₁ and G, also Calcium and Iron.

528 Acorn, Table Queen (58 days)—Weighs about 1 pound, just the right size to cut in half for serving. Dark green hard shell, rich orange-yellow flesh, fine flavor. Large producer.

Pkt. 10c; 1 Oz. 20c.

527 Chicago Warted Hubbard (115 days)—Dark green, warty, and deep orange-yellow flesh. Weighs about 16 pounds. The best winter squash.

Pkt. 10c; 1 Oz. 23c.

530 Early Straightneck (55 days)—Heavily warted, thick necked, straight lemon-yellow fruit with light yellow flesh. Weighs about 3 pounds.

Pkt. 10c; 1 Oz. 20c.

531 Striped Cushaw (115 days)—Fruits are crooknecked, very large and irregularly green striped. Thick, sweet, light yellow flesh. Very prolific.

Pkt. 10c; 1 Oz. 20c.

USEFUL VEGETABLES TO ROUND OUT YOUR GARDEN

563 Brussel Sprouts, Long Island—Thickly set stems with solid cabbage-like balls. Contains A, B₁, C, Calcium, Phosphorus and Iron.

Pkt. 10c.

401 Cauliflower, Early Snowball—The most widely planted early variety. Contains white heads. A fine home garden.

Pkt. 10c.

457 Dill—The common dill pickle herb.

Pkt. 10c.

458 Egg Plant, Black Beauty—The thick smooth rich purple fruits are very early.

Pkt. 10c.

TOMATOES

Contain vitamins A, B₁, C, G,
P. P., and minerals

522 Burpee's Hybrid (70 days)—Fruits are medium to large, average 8 ounces in weight, deep globular in shape, flesh is meaty and scarlet-red in color and decidedly rich in flavor. It is a great producer and a valuable tomato for the home garden.

Pkt. (30 seeds) 35c; 3 Pkts. \$1.00; 5 Pkts. \$1.50

514 Earliana (66 days)—A widely planted extra early variety. Medium size, bright red fruits.

Pkt. 10c; 1/2 Oz. 30c; 1 Oz. 50c.

516 Giant Ponderosa (88 days)—Our selected strain produces fruit of immense size and smoother than most others. Fruits have few seeds, are very solid and have a fine flavor.

Pkt. 10c; 1/2 Oz. 35c; 1 Oz. 55c.

524 Jubilee (72 days)—A new and different tomato that should have a place in your garden. The large orange-yellow skinned fruits are a novel in appearance. It has small seed cavities and a non-acid wonderful flavor.

Pkt. 10c; 1/2 Oz. 75c.

***519 Marglobe** (77 days)—A heavy yielder of large, smooth, deep red, globe-shaped tomato with thick, firm meat. Fine for canning and slicing. Resistant to wilt and nail-head rust.

Pkt. 10c; 1/2 Oz. 20c; 1 Oz. 30c.

***523 Rutger's** (77 days)—Most widely planted of all tomatoes. Bright scarlet, meaty fruits are fine for slicing and canning. Ripens from the inside out. Fine quality. Very heavy producer. Resistant to wilt and nail-head rust.

Pkt. 10c; 1/2 Oz. 20c; 1 Oz. 35c.

TURNIPS

Contain vitamins C and Calcium. Turnip top greens contain A, B₁, C, G, P.P., Calcium, Phosphorus, Iron.

One Packet sows 40 feet, 1 Oz. 200 ft. To get largest yield, broadcast turnip seed thinly instead of planting in rows.

533 Purple Top Strap Leaf—Flat, medium sized roots, purple topped, fine grained and mild.

Pkt. 10c; 1 Oz. 16c.

***534 Purple Top White Globe**—Most widely planted turnip. Globe-shaped and white, tender flesh. Very mild in flavor.

Pkt. 10c; 1 Oz. 16c.

Rutger's

Nobel's Giant Thick Leaf

Purple Top White Globe

459 Endive, Green Curled—Delicious for autumn and winter salads. Frost improves its quality and flavor. Contains A, C, G, Calcium and Iron.

Pkt. 10c; 1 Oz. 22c.

457A Gherkin, West Indies—Small oval shaped prickly cucumber, fine for small pickles.

Pkt. 10c; 1/2 Oz. 20c.

461 Kohlrabi, Early White—Best for home use, has mild, crisp and tender flesh, dwarf.

Pkt. 10c.

468 Mustard, Giant Southern Curled—Long and wide leaves with curled edges for greens. Contains A, B₁, G, PP, Calcium, Phosphorus and Iron.

Pkt. 10c; 1 Oz. 18c.

525 Salsify, Mammoth Sandwich Island—A delicious, nutritious vegetable with a decided oyster flavor. Keeps in ground over winter but must be dug before spring growth starts.

Pkt. 10c.

***423 Swiss Chard, Lucullus**—The most commonly grown chard. It is of the beet family but is grown for its leaves only, which make very fine greens.

Pkt. 10c; 1 Oz. 20c.

WE WANT EVERYONE TO TRY

BUG-DUST-O-CIDE

It's easier to protect your plants from a wide variety of both sucking and chewing insects with Bug-Dust-O-Cide. It controls aphids, bean beetles, flea beetles, leaf hopper, cabbage worms, cucumber beetles, potato beetles and certain other insects. Checks fungus diseases, mildew and black spot. As the supply is limited, the government requests that you use it only on vegetables and fruit plants, anything that produces food.

1. NON-POISONOUS TO HUMANS AND DOMESTIC ANIMALS WHEN USED AS DIRECTED.
2. MULTI-PURPOSE—Has a triple action on certain insects—as a stomach poison, a contact poison and as a repellent.
3. EFFECTIVE—Satisfied users everywhere recommend Bug-Dust-O-Cide.
4. EASY-TO-USE—ready to apply—no mixing, no fuss or bother

PRICES

Postpaid in Iowa, Kansas, Missouri and Nebraska. All other states add 3c per pound for postage.

Blue Boy

San Antonio

Salmon Beauty

Inter-State's New Superior Phlox

Phlox are by far the most popular summer-blooming Perennial. We grow hundreds of thousands of them. The plants we send you bloomed in our fields last summer. They will bloom for you this summer and years to come. These are all new and better varieties, each the best of its color. The flowers are much larger than pictured. Best quality, number one plants.

P508 Blue Boy—This superb new variety is the nearest blue of all Phlox.

P524 Charles Curtis—A vivid sunset orange-red, the most brilliant of all.

P525 Mary Louise—Rated the finest pure white phlox.

P514 Bright Eyes—Very lovely lavender-pink with red eye.

P512 Pink Charm—The heads are often a foot long, a glowing bright pink tinged scarlet.

P511 Salmon Beauty—Big flowers of exquisite salmon-pink with white eye.

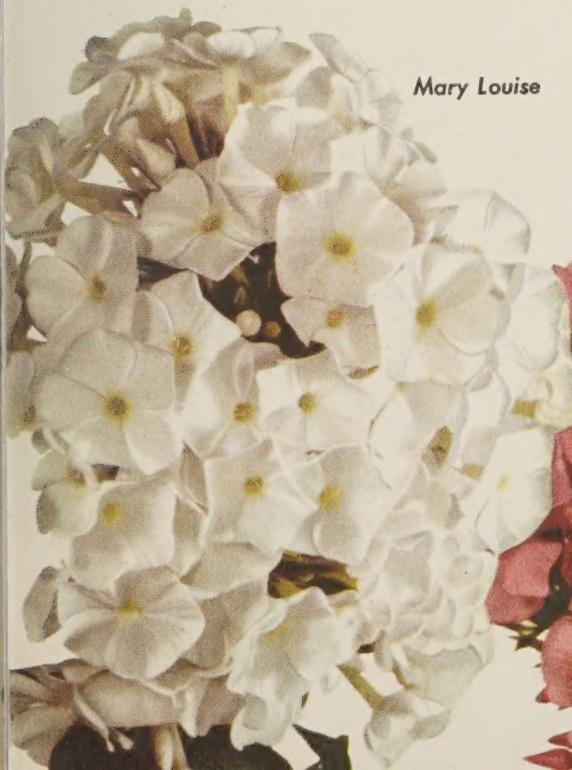

P522 San Antonio—A rich ruby-red that is outstanding.

Tuberous Begonias

When you see these beautiful Tuberous Begonia flowers, you will wish that you had ordered more. No other flower can equal them for exquisite beauty. They are widely used as pot plants for winter bloom indoors and for summer bloom outdoors. A bed of them will provide a continuous display of flowers until frost. These are the double, Camellia type blooms, even larger than pictured, of perfect form, and carried erect on strong stems. With each order we send instructions for growing them both outdoors and indoors. Spring 1948 the Begonia Bulbs were small because of a severe drouth in Belgium. This spring they are very fine because summer of 1948 was very favorable. POSTPAID.
